

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTORY.

Although many years have elapsed since the close of the Mexican War, and a much greater period of time since the Black Hawk War, the archives in the Adjutant-General's office have shown no record of the services of our soldiers in either of these wars. In fact, excepting the meagre and occasional rolls of the militia and riflemen, deposited by Governor Edwards' heirs some years ago, there has been until quite a recent date no record of the service of any Illinois soldiers in this office prior to the late War of the Rebellion. The organization of the society of the "Veterans of the Mexican, Black Hawk and Florida wars," in 1874, revived an interest in this subject, and the members have, at their annual reunions since that date, agitated the subject with more or less effect, until they have, no doubt, largely aided in securing their demands in the present publication. In 1877, Hon. Cornelius Rourke, a member of the House of Representatives, from Menard county, offered a bill to authorize the Governor to employ a clerk to transcribe these records from the official rolls of the War Department. This, however, did not become a law. This bill was, no doubt, offered in response to the action of the "Mexican War Veteran Association," which, at the September meeting previous, held at Springfield, had passed the following resolution:

Resolved, That it is the sense of the Mexican War Veterans, now in session at the State capital, that a commission should be appointed by the next Legislature of Illinois, with instructions to procure from the archives at Washington, D. C., all information, statistical and otherwise, relative to the operations of the troops from Illinois, and that said information be placed on file in the Adjutant-General's office in this State.

The Legislature, in 1879, added to the general appropriation bill a section authorizing the Governor to appoint a clerk to go to Washington and transcribe all the records, of both volunteer and regular soldiers from Illinois, in the Black Hawk or Mexican wars, and appropriated the sum of five hundred dollars for the purpose. (Laws 1879, p. 30.) In pursuance of this fact, Governor Cullom appointed Col. Ferris Foreman, of Vandalia, late the Colonel of Third Regiment Illinois volunteers, and the only surviving Colonel of the Mexican War, to that duty. Col. Foreman proceeded to Washington, and in his report to the Governor, under date of December 16, 1879, states that he was denied the privilege of access to the records by the Adjutant-General, under the standing orders and regulations of the War Department, and reported that it would be necessary to have a resolution passed by Congress before access could be had to the rolls on file in the War Department. After the Hon. Robert T. Lincoln became Secretary of War, Governor Cullom, who has always taken an active interest in the effort to obtain these records for the State, visited him in Washington, and on the personal solicitation of the Governor, Secretary Lincoln was induced to cause these rolls to be transcribed by clerks in the War Department, and correct copies of all such have been furnished by him to this office, and are published complete in this book.

The section of the appropriation bill passed in 1881, which authorizes this publication, was drawn up and offered by the Hon. Samuel H. Martin, a member of the Thirty-second General Assembly from White county, himself a Lieutenant in the Fourteenth United States Infantry during the Mexican War, and to whose efforts, as well as to the efforts of the Honorable Secretary of War and His Excellency the Governor, the merit of obtaining and publishing these records is largely due.

Before commencing the preparation of this publication, an advertisement was inserted in all the leading newspapers of the State, requesting all persons in possession of facts or any data concerning the service of the Illinois soldiers in the Black Hawk and the Mexican wars, to communicate the same to this office. Quite a general response was made to this request by the surviving veterans of both wars, and much interesting and valuable material has been thus accumulated in this office, the larger portion of which cannot, of course, be used in the limits of a publication like the present. The thanks, however, of this office are due to those who so kindly responded to our request, and their communications have all been carefully preserved among the files of this office for future historical reference, and will make a fund of valuable military information for the use of the historian of the future.

Believing the intention of the General Assembly mainly met in the publication of the complete rosters, the briefest possible introductory sketch is made of the prominent facts of the Black Hawk war, which is compiled from Edward's History of the State of Illinois, and other trustworthy sources, including the correspondence before mentioned. This is followed by a short historical sketch of the part taken by the various commands of Illinois volunteers in the Mexican war, in which is included any honorable mention made of Illinois soldiers as shown by excerpts from the official reports and orders of the various Generals under whom they served, so far as the same appear in the official reports of these officers to the War Department at Washington. It is of course not intended to give an extended view of the operations of the war, therefore our memoranda is scrupulously confined to the actual service of our volunteers, and presents only such data as has been derived from official and other reliable sources, which is considered necessary to make intelligible the official rosters, and which we hope, when taken in connection with them, will make an enduring and reliable memorial of their services, thus more than fulfilling the wish of the General Assembly, who have neither appropriated for, nor expected the publication of, little else than the records as received from the War Department. Although this publication as it now stands is incomplete, particularly in the matter of the records of service in the Winnebago war, and the first campaign of the Black Hawk war, every effort has been made to obtain the desired information, both by correspondence with individuals and the War Department, and the work as presented gives the final result of the best efforts of this office to meet the expectations of the General Assembly.

HISTORICAL MEMORANDA.

THE BLACK HAWK WAR.

The rolls furnished from the War Department, and published in this volume, although by no means complete, show that the State of Illinois furnished one hundred and seventy-four companies of volunteer rangers and spies, which were actually mustered into the service of the United States for various periods of time, during the Black Hawk War. This, of course, does not include large numbers of the State militia, who were under arms, and performed services of greater or less importance, and whose names will remain forever unknown, many of whom were never actually mustered by any United States military officer, nor have any rolls or other account of their service been preserved.

That the public may understand the service of these companies, and the part performed by them in that most important of any of the Indian wars of the West, we give a brief sketch of the causes which led to, and the principal events which occurred in, the Black Hawk War. The causes which led to that war reach back to, and even before, the Winnebago or Sauk War of 1827, and are, as briefly stated by Edwards, in his History of Illinois, as follows:

"During Governor Edwards' administration, as Executive of the State, the Indians upon the Northwestern frontier began to be very troublesome. The different tribes not only commenced a warfare among themselves, in regard to their respective boundaries, but they extended their hostilities to the white settlements. A treaty of peace, in which the whites acted more as mediators than as a party, had been signed at Prairie du Chien, on the 19th day of August, 1825, by the terms of which the boundaries between the Winnebagoes and Sioux, Chippawas, Sauks, Foxes, and other tribes, were defined, but it failed to keep them quiet. Their depredations and murders continued frequent, and in the summer of 1827 their conduct, particularly that of the Winnebagoes, became very alarming.

There is no doubt, however, that the whites, who at this period were immigrating in large numbers to the Northwest, and earnestly desired their removal further westward, purposely exasperated the Indians, at the same time that they greatly exaggerated the hostilities committed."—(Edwards' Hist. p. 218.)

A combination was soon formed by the different tribes of Indians under Red Bird, a chief of the Sioux, to kill or drive off all the whites above Rock river. This league, which included the Winnebagoes, Potawatamies, and other tribes of the Northwest, commenced their offensive operations by killing two white men in the vicinity of Prairie du Chien, on the 24th day of July, 1827, and on the 30th of the same month they attacked two returning keel boats which had, on their

upward trip, conveyed military stores to Fort Snelling, killing two of the crew and wounding four others, before they were repulsed. Governor Edwards, anticipating trouble, had, on the 14th day of July, issued an order to the commandants in Gen. Hanson's brigade, (located on the east side of the Illinois river), to detach one-fourth of their respective regiments, and be ready to meet any attack made by the Indians. On the same day he wrote to Col. Thomas M. Neale, of the Twentieth Regiment (from Sangamon county), to accept six hundred volunteers, who were to equip themselves, find their own subsistence, and continue in service thirty days, unless sooner discharged; to rendezvous the same at Fort Clark, and march with all possible expedition from there to Galena, to the assistance of the whites, as the Indians had threatened the settlers at the lead mines, near that place. The possession of these mines by the whites had always excited the serious jealousy of the Indians.

Under this call Col. Neale recruited one cavalry company, which was commanded by Capt. Edward Mitchell, and four companies of infantry, commanded, respectively, by Captains Thomas Constant, Reuben Brown, Achilles Morris and Bowlin Green. The whole force under command of Col. Neale, (the other field officers are unknown except James D. Henry—Sheriff at the time of Sangamon County—Adjutant), marched to Peoria, where the regiment was more fully organized, and from thence to Galena. Before their arrival, however, in the Indian country Red Bird and six of his principal warriors had surrendered, and the campaign being ended the volunteers returned to their homes. No rolls of these companies have been obtained, and if they were mustered into the United States service at all, the rolls were either never returned to the department, or have been mislaid.

While Col. Neale was recruiting and marching his regiment to Galena, the settlers there were not idle. A committee of safety had been formed and temporary defences were erected, and in pursuance of an order from Governor Edwards the miners were formed into companies and equipped for action. (the rolls of only one company of these militia have been furnished us, Capt. James M. Strode's, page 187.) These militia were placed under the immediate command of Gen. Henry Dodge, and formed an auxiliary force to the command of Brig.-Gen. Henry Atkinson, U. S. A., whose force consisted of six hundred regulars. Before the arrival of Col. Neale, these forces combining under Gen. Atkinson, marched into the Winnebago country and captured Red Bird, who, it appears by a letter of Gen. Street to Governor Edwards, voluntarily surrendered himself to the whites, coming into camp displaying a white flag. With Red Bird there also surrendered themselves six other Indians, including Black Hawk, who had not yet become famous. These Indians were retained in captivity several months, Red Bird dying during confinement; and some of them having been tried

and convicted of complicity in the murder of white settlers, were executed on the 26th day of December, 1827. Black Hawk, against whom nothing could be proven, was acquitted, but it is alleged afterwards acknowledged his guilt and boasted of his connection with the murders for which he had been tried. With the death of Red Bird ended the Winnebago war. The tribe seemed to be thoroughly humbled by the result of the campaign, and although fears of further hostilities from them were for some time after entertained, they continued peaceable. In regard to the lands about which the difficulty originated, until the question of ownership could be adjusted amicably, they promised to keep away from the mines entirely, Gen. Atkinson promising them that "the next summer persons would come from their Great Father to consult with them about the matter."

"A talk was subsequently had with them in which they abandoned all the country south of the Wisconsin river. After this there was a general peace with the Indians throughout the western frontier.' (Edwards' His. p. 224.) In the meantime Governor Edwards did not cease his efforts to urge on the War Department the necessity of the entire removal of the Indians from the State, their presence being a constant menace, and their continued residence on lands which they had ceded being dangerous to the peace of the white settlers, who were constantly increasing in numbers, and whose animals the Indians did not hesitate to appropriate whenever opportunity offered. In October the Secretary of War informed the Governor that Governor Cass had been instructed to "take measures with regard to the removal of the Indians." But delays having occurred, and the Indians still remaining, on the 25th day of May, 1828, Governor Edwards wrote to Gen. Clark urging immediate action on the part of the Government. This he followed by a letter addressed to the Secretary of War, dated June 17th, in which he stated: "This grievance still continuing, and aggravated as it is by recent occurrences of which I am bound to presume you are informed, I feel it my duty to ask you what further in regard to this matter may be expected from the General Government.' (Edwards' Hist. p. 226.)

Upon the urgent request of the Indians, and notwithstanding the earnest protest of the Governor (Edwards), twelve months additional time was given them in which to remove from the State. With regard to this delay and in a spirit of protest against the action of the Government in the premises, Governor Edwards wrote Gen. Clark, Indian agent at St. Louis, a letter, in the conclusion of which he used the following significant language: "If any act of hostility shall be committed on the frontiers, I will not hesitate to remove them on my own responsibility as Governor of the State."

As to the subsequent history of the causes which finally led to this outbreak, Edwards says:

About this time (1829) the President issued his proclamation, according to law, and, in pursuance thereof, all the country above the mouth of Rock River (the ancient seat of the Sauk nation) was sold to American families, and in the year following it was taken possession of by them. To avoid difficulty with the tribes another treaty, confirming previous ones, was made with the Sacs and Foxes, on the 15th of July, 1830, by the provisions of which they were to remove peacefully from the Illinois country. A portion of the Sacs, with their principal chief, Keokuk, at their head, quietly retired across the Mississippi. With those who remained in the village, at the mouth of Rock River, an arrangement was made by the Americans who had purchased the land, by which they were to live together as neighbors, the Indians still cultivating their old fields as formerly. Black Hawk, however, a restless and uneasy spirit, who had ceased to recognize Keokuk as chief, and who was known to be still under the pay of the British, emphatically refused either to remove from the lands or to respect the rights of the Americans to them. He insisted that Keokuk had no authority for making such a treaty, and he proceeded to gather around him a large number of the warriors and young men of the tribe, who were anxious to distinguish themselves as "braves," and, placing himself at their head, he determined to dispute with the whites the possession of the ancient seat of his nation. He had conceived the gigantic scheme, as appears by his own admissions, of uniting all the Indians, from the Rock River to the Gulf of Mexico, in a war against the United States, and he made use of every pretext for gaining accessions to his party.

In the meantime, on the 9th day of December, 1830, the Hon. John Reynolds had been elected Governor of the State.

In pursuance of his declared intention of regaining possession of the ancient hunting grounds and the principal village of his tribe, in the month of April, 1831, Black Hawk recrossed the river, at the head of a force variously estimated at from three to five hundred braves of his own tribe, with from one to two hundred allies of the Pottawotamies and Kickapoos, bringing with them his women and children, with the avowed purpose of remaining.

Black Hawk immediately notified the whites that they must depart from the village, and they refusing to comply, their property was destroyed, and they suffered in person various indignities at the hands of the Indians. On the 30th of April, forty of these settlers sent a petition to Governor Reynolds, setting forth their grievances, and asking relief. Governor Reynolds, thus informed of the state of affairs, and believing that Black Hawk and his band were determined to retain possession of the country by force, resolved to effect their expulsion. A call was therefore made for volunteers (May 2^d. 1831), and when it became known, the whole northwestern part of the State resounded with the clamor of war. No county south of St. Clair nor east of Sangamon was included in the call, which was limited to seven hundred men, who were to report within fifteen days' time, mounted and equipped, at the place of rendezvous, which was fixed at Beardstown, on the Illinois river. More than twice the number of men called for responded, and the Governor, finding so many willing and ready to go, decided to accept the services of the whole 1,600 men. They were moved to a camp two miles north of Rushville, and there organized into two

regiments, and two battalions. One of the regiments elected James D. Henry, of Sagamon county, Colonel,* and the other elected Daniel Lieb, while Major Nathaniel Buckmaster was elected to command the "Odd Battalion." Major Samuel Whitesides was appointed by the Governor to the command of the "Spy Battalion," and the whole brigade was placed under the command of Hon. Joseph Duncan, then the member in Congress, and afterward Governor of the State, who was commissioned by Governor Reynolds as Brigadier General of militia. Colonels Enoch C. Marsh and Samuel C. Christy were appointed quartermasters, while the Governor himself accompanied the expedition in his capacity as Commander-in-Chief of the militia of the State. They immediately (June 15th, 1831), took up their march from camp near Rushville to Rock river, where they arrived on the 25th of June. Six companies of regular troops, which had been dispatched from Jefferson Barracks, under the command of Gen. Gaines, had arrived at Fort Armstrong a few days before, and had already had an unsatisfactory conference with Black Hawk, who declined to return across the river. Gen. Gaines met Governor Reynolds and his force at their encampment on the Mississippi, eight miles below the old Sac village, and after receiving the volunteers into the United States service, Gens. Gaines and Duncan concerted measures of attack. But the wily Black Hawk, no doubt well apprised of the number of the force which was ready to attack him, concluded not to risk an engagement, but on the night of the 25th had quietly recrossed the river, leaving his deserted camp and village to be peaceably taken possession of by the forces of the opposing Generals on the following morning. Out of vengeance, no doubt, for their disappointment at the escape of the Indians, and to remove future cause of dispute, the soldiers destroyed the village entirely by fire. As Governor Ford says in his history, "Thus perished this ancient village, which had been the delightful home of 6,000 to 7,000 Indians, where generation after generation had been born, had died and been buried." Gen. Gaines sent an order to Black Hawk requiring him and his band to return and enter into a treaty. They refusing to respond to the first invitation, a second and more peremptory mandate had the desired effect, and on the 30th day of June, 1831. Black Hawk and about thirty chiefs of the Sacs came, and in full council with Governor Reynolds and Gen. Gaines, signed an agreement, in which they agreed, among other things, that "no one or more shall ever be permitted to recross said river, to the usual place of residence, nor any part of their old hunting grounds east of the Mississippi, without permission of the President of the United States, or the Governor of the State of Illinois." The volunteer troops were then disbanded, and returned to their homes, while the subsistence gathered for their

sustenance, was from time to time given by Gens. Gaines and the kind-hearted Governor to the Indians, who had, by their foolish invasion, rendered it impossible to raise any crop for that season, it being too late to plant any crop after the war had closed. Thus ended without bloodshed the first campaign of the Black Hawk war. Of the forces engaged therein, there are but the rolls of two companies, published herein, Capt. Solomon Miller's, from St. Clair county, and Capt. William Moore's, of the same county, both in Maj. Buckmaster's "Odd Battalion." (See pages 188, 190.)

1832—SECOND CAMPAIGN.

Notwithstanding the treaty, the trouble was not yet ended. In the spring of 1832 Black Hawk recrossed the Mississippi (April 6th) and commenced his march up Rock River Valley, accompanied by about five hundred warriors on horseback, while his women and children went up the river in their canoes. Gen. Atkinson, then stationed at Fort Armstrong, warned him against this aggression and ordered him to return, but this they refused to do, and went forward to the country of the Winnebagoes, with whom Black Hawk made arrangements to make a crop of corn, which reason he alleged to be the cause of the expedition. The Winnebagoes and Pottawotamies, however, both refused to yield to his solicitations to join him in a war against the whites.

On being informed of the movements of Black Hawk, Governor Reynolds (April 16th) called for a thousand mounted volunteers, from the central and southern parts of the State, to rendezvous at Beardstown, on the 22d of the same month. Daily accounts of the operations of the Indians were received. Judge Young, Col. Strode and Benjamin Mills wrote the Governor, urging speedy protection of the frontiers, as the inhabitants were in great danger. On receipt of this intelligence two hundred men (see pp. 151-4), under Major Stillman, were ordered to guard the frontier near the Mississippi, and two hundred (see Col. Johnson's regiment), under Major Bailey, the frontier between the Mississippi and the settlements on the Illinois. Such was the threatening aspect of affairs, that the call was extended to every part of the State. In the meantime eighteen hundred men had met at Beardstown, and were organized into a brigade of four regiments and an "odd" and a "spy" battalion. An election (April 28) for field officers, resulted in the election of Col. John Thomas to command the First Regiment, Col. Jacob Fry the Second Regiment, Col. Abram B. DeWitt the Third Regiment, Col. Samuel M. Thomp-

son the Fourth Regiment* (in this regiment was Capt. Abraham Lincoln's† company—p. 100), while Major James D. Henry, of Sangamon county, was elected to command the Spy Battalion (p. 106), in which Captains John Dawson, Thomas Carlin and John Deméant commanded the companies, and Major Thomas James to the command of the "Odd" Battalion (page 110). A part of the "Odd Battalion under Maj. Long, consisting of the companies commanded by Capt. Jacob Eby and Capt. Japhet A. Ball, both from Sangamon county, was "detached for foot purposes." Eight companies, not attached to any regiment (pp. 116-122), also served in this brigade. Governor Reynolds, who also accompanied the expedition, placed Brigadier Gen. Whiteside in the immediate command, while Cols. March and Christy, the efficient quartermasters in the campaign of 1831, were relied on to gather the supplies for the present campaign. William Thomas was appointed Brigade Quartermaster, while Capts. James B. Stapp and Joseph M. Chadwick were appointed to the general staff. Maj. James Turney, paymaster; Vital Jarrot, of St. Clair county, adjutant general, and Cyrus Edwards, ordnance officer, were appointed to their positions on the staff of the Commander-in-Chief.

On the 29th day of April, the army left camp near Beardstown and marched to the Mississippi river, at or near the present town of Oquawka. On arriving at that place, and some delay occurring in the receipt of supplies, messengers were dispatched to Gen. Atkinson, at Fort Armstrong, who sent a boat loaded with provisions to the troops.

*George Carpenter, Esq., of Springfield, furnishes to us the commission of his father, the late Major Carpenter, as paymaster of this regiment, a copy of which we give:

"I do hereby certify that William Carpenter is duly appointed Paymaster in the Fourth Regiment on the detachment of mounted volunteers, called into the service of the United States. He is therefore required diligently and carefully to discharge the duties of said office. Given under my hand this 30th day of April, 1832.

"SAMUEL THOMPSON, Colonel Fourth Regiment Volunteers."

†William L. Wilson, who was a private in Capt. M. G. Wilson's Company, of Thompson's regiment, of Whitesides' Brigade, writes to this office from Rushville, under date of February 3, 1832, and after detailing some interesting reminiscences of Stillman's defeat, says: "I have during that time had much fun with the afterwards President of the United States, Abraham Lincoln. I remember one time of wrestling with him, two best in three, and ditched him. He was not satisfied, and we tried it in a foot-race, for a five dollar bill. I won the money and 'tis spent long ago. And many more reminiscences could I give, but am of the Quaker persuasion and not much given to writing."

The following discharge paper was found among the papers of the late Col. Wm. Carpenter, formerly Paymaster of Col. Thompson's regiment. The blank was filled in the handwriting of Captain Lincoln:

"I certify that Lewis W. Farmer volunteered and served as a private in the company of mounted volunteers under my command, in the regiment commanded by Col. Samuel M. Thompson, in the brigade under the command of Gens. S. Whitesides and H. Atkinson, called into the service of the United States by the Commander-in-Chief of the Militia of the State, for the protection of the northwestern frontier against the invasion of the British band of Sac and other tribes of Indians; that he was enrolled on the 21st day of April, 1832, and was honorably discharged on the 7th day of June thereafter, having served forty-eight days. Given under my hand, this 21st day of September, 1832.

A. LINCOLN, Captain."

From here they marched up the river to the mouth of Rock river, where they were all received into the United States service by Gen. Atkinson. From this point the commanding general proceeded up the Rock river on a steamer, accompanied by a force of 400 regulars and an armament of cannon, while the volunteers under Gen. White-side marched through the swamps in the vicinity of the stream. They moved up Rock river without encountering savages until they arrived at the town of Dixon, on the evening of the 10th of May, where they found Majors Stillman and Bailey, who were at this place with their forces where they had been directed to remain in their duty of protecting the frontier. Gen. Atkinson then sent out a scouting party of five men to confer with the chiefs of the Pottawotamies, and who, after getting lost, returned the third day afterward, reporting to have fallen in with some of Black Hawk's men who were encamped on a small stream known as Old Man's Creek, twelve miles above Dixon. Majors Stillman and Bailey having done but little service, besought the Governor to grant them the privilege of reconnoitering the enemy. Thereupon Governor Reynolds issued to them the following order: "Major Stillman: You will cause the troops under your immediate command, and the battalion under Major Bailey, to proceed without delay to the head of Old Man's Creek, where it is supposed there are some hostile Indians and coerce them into submission." On the following morning, May 14, 1832, they started with 275 men (Stillman's Brigade. See page 151, for rolls of Bailey's command, afterward Fifth Regiment. pp. 102-5), and reached the Old Man's Creek without adventure, pur-

suing their course up that stream some fifteen miles, to Sycamore Creek. They dismounted for the purpose of passing the night. While engaged in camp duties, three Indians, bearing a white flag, came into camp, and were taken into custody. These were soon followed by five more, who came near the camp, no doubt with the purpose of inviting an attack. In this they succeeded, and a party of Stillman's men immediately started in pursuit, while others followed as soon as they could mount, and soon three-fourths of the command had joined in an irregular chase across the prairie. The soldiers overtook and killed two of the Indians, and pursued the others to the edge of the forest. At this juncture Black Hawk, with about forty of his men, arose from an ambush, and with terrific yells charged on the assailants, who, in their turn, retreated in hot haste, followed by the infuriated savages. The fearful din caused by the retreating soldiers and their pursuers caused a stampede in the remainder of the force of the camp, and they all fled, in an inglorious panic, and in spite of the efforts of Major Stillman and others to rally them, the retreat was continued until they all reached the main force at Dixon. Major Perkins and Captain Adams, of Tazewell County, with about fifteen men, made a stand in which they somewhat checked the Indians, and thus saved the lives of many of the fugitives, who would otherwise have fallen victims to their pursuers. This rally cost the brave Adams his life, his body being found the next day near the dead bodies of two of the savages, whom he had undoubtedly slain before he himself was killed. As a result of the fight, eleven whites and seven Indians were killed, besides many wounded on both sides.

During the night of the battle, known since as "Stillman's Run," Governor Reynolds made a requisition for 2,000 men to be in readiness for future operations, while the unmost consternation spread throughout the State and Nation. Exaggerated reports of the numbers of the Indians, and the skill, ability, cunning and cruelty of Black Hawk, added much to the general alarm.

General Scott, with 1,000 United States troops, was immediately ordered to the Northwest, to superintend the future operations of the campaign.

When the news of Stillman's defeat reached the camp at Dixon, a council of war was held, and it was determined to return immediately to the battle field.

The next morning, after obtaining ten oxen from Col. John Dixon, which were slaughtered and issued to the men, without bread or salt, the whole force marched to the scene of the encounter. The dead were recovered, in most instances frightfully mutilated, and the fragments gathered together and buried; but although Major Henry and his men effectually scoured the surrounding country for miles in

every direction, the enemy could not be found, and the whole force fell back to Dixon.

The new levies, under the call of Gov. Reynolds, were to meet, some on the 3d of June, at Beardstown, and the others on the 10th of the same month at Hennepin.

The men first recruited, now asked to be discharged, but the Governor appealing to their patriotism, they agreed to remain from 12 to 15 days longer, and the companies under Bailey (Covell's, McClure's Pugh's and Adams'), with Stillman's battalion, (Captains Eads', Barnes' and Ball's companies) were organized into a regiment, known as the Fifth Regiment of Whiteside's Brigade, under Colonel James Johnson, and received into the service of the United States, and one part ordered to Ottawa, for the defense of that place, while the other remained at Dixon to guard the stores, around which General Atkinson had caused embankments to be thrown.

On the 19th of May the whole army marched up the river in pursuit of the enemy, and on the evening of the same day received news of the massacre of several whites on Indian Creek, not far from Ottawa.

General Atkinson ordered Gen. Whiteside's and Col. Taylor (afterwards President of the United States) to continue the pursuit with the volunteers, while he, with the regulars, returned to Dixon. After following trails in several directions, which proved that the Indians had divided and left the immediate country for the north, and the troops expressing a determination to return to their homes, were brought to the mouth of Rock river, and there discharged on the 27th and 28th days of May, and thus the campaign ended without effecting any important results.

SECOND CAMPAIGN—1832

On the requisition of Gen. Atkinson, the Governor called for 1,000 additional men, which were recruited out of the disbanded men for immediate service, for a term of twenty days, until the new levies should arrive. This regiment, which was filled without difficulty, organized by the election of Jacob Fry, as Colonel; James D. Henry, as Lieutenant-Colonel.

Although this regiment does not appear grouped together, as it should be, in this record, the companies, as well as can now be ascertained, were Capt. Samuel Smith's company (page 168), Capt. B. James' company (page 169), Capt. Elijah Iles' company (page 174).—(This company contained *private*

ABRAHAM LINCOLN.

who had been that day mustered out, with his company, as a captain, and re-enlisted with many of his men in Capt. Iles' company, for this emergency service)—Capt. Alex. D. Cox's company (page 178), Capt.

Wm. C. Ball's company (182), Capt. Alexander White's company (page 183), and Capt. A. W. Snyder's company (page 185). This regiment after bravely guarding the imperiled frontier, was mustered out of the service on the 15th day of June, except Capt. Iles' company, which was discharged the 16th, and Capt. Snyder's discharged the 21st of June. This latter company had some severe skirmishing with the enemy, some twenty in number, near Kellogg's Grove, in which four of the Indians and two of the whites were killed.

On the 6th of June, Black Hawk, with about 150 warriors, made an attack on Apple River Fort, situated a quarter of a mile north of the present village of Elizabeth and twelve miles from Galena. Three messengers, on their way from Dixon to Galena, were fired upon when one-half mile from the fort, and one of them wounded, but all of them escaped to the fort. The inhabitants, alarmed at the shots, fled to the fort(which was invested, and a continual fire kept up for fifteen hours by the savages, who had taken possession of the dwellings of the whites, from which they fired through holes made for that purpose through the walls. The twenty-five men composing the garrison, made such a determined resistance that the savages, after having destroyed everything within their reach, departed, taking with them all the stock, provisions and movable property of the settlers. Only one man of the whites was killed, while the loss of the savages has never been ascertained. Col. Strode, of the militia, arrived the next day from Dixon with a force to their relief, but the enemy had made good his escape.

The savages having attacked and killed two men near Ft. Hamilton, five miles from Galena, Gen. Dodge, of Wisconsin, followed them, with a force under his command, and, overtaking them at Pecatonica, charged upon them and killed the whole number, with a loss of three men killed in his own force.

Capt. Stephenson, of Galena, and a part of his company, had a little skirmish with the enemy between Apple River Fort and Kellogg's Grove, and were repulsed by the Indians, who had taken shelter in a small grove, with the loss of three killed and the Captain and several others seriously wounded.

The new levies met as provided in the call, at Beardstown and Hennepin, but were afterward ordered to Fort Wilbourne, a small fortification on the south bank of the Illinois river, about a mile above Peru, which had been erected by Lieut. Wilbourne for the protection of the stores entrusted to his care by Col. March.

A promiscuous multitude of several thousands had assembled, among them many of the most prominent men in the State, and the selection of officers was a matter requiring great delicacy and tact. But after the organization of the companies, the captains of the several companies and the Governor agreed that the principal officers should be determined by an election, in which all the troops should participate. *The brigades were organized, and on the 16th day of June Alexander Posey*

was elected General of the First, Milton K. Atkinson of the Second, and James D. Henry of the Third. Gen. Atkinson received them into the service of the United States, and took the general command of the force thus organized, which amounted to 3192 men.

The Governor appointed to his staff, as Aids, Benjamin F. Hickman and Alex. F. Grant, James Turney, Adjutant General, and Col. E. C. March, Q. M. General. Besides the main army four battalions were organized for special purposes, commanded severally by Majors Bogart and Bailey, and Colonels Buckmaster and Dement.

The brigades were composed of three regiments each, commanded by officers of their own selection, but no rolls of the regimental field and staff, nor of the staff of the different brigade commanders are in the possession of this office, though supposed to exist among the records of the War Department at Washington, D. C.

In view of the disasters which threatened the northern frontier, the Governor ordered a chain of forts to be erected from the Mississippi to Chicago.

On the 17th day of June, Col. Dement, with his spy battalion of 150 men, was ordered to report himself to Col. Taylor at Dixon, while the main army was to follow. On his arrival at Dixon he was ordered to take position in Kellogg's grove, where, on the 25th day of June, he was visited by Mr. Funk, of McLean county, who, while on his way from the lead mines the night before, reported that a trail of about 300 Indians leading northward had been seen that day. A council of war, held that night, determined that Col. Dement and fifty picked men should reconnoiter the surrounding country the next day. At daylight the party sallied forth, and when within 300 yards of the fort discovered several Indian spies. Regardless of the cries of Col. Dement and Lieut-Governor Casey, who accompanied him, and without waiting for direction, these undrilled and undisciplined men immediately charged on the foes, and recklessly following them, despite all efforts of Col. Dement to check them, were led into an ambush, and suddenly were confronted by 300 howling naked savages under the command of Black Hawk in person. The sudden appearance of the savages created a panic among the whites, and each man struck out for himself in the direction of the fort, with a speed which equalled, if it did not excel, the alacrity with which they left it in the morning.

In the confused retreat which followed, five of the whites, who were without horses, were killed, while the remainder reached the fort, and dismounting, entered it, closely pursued by the enemy. The fort was vigorously assailed for over an hour by the savages, who were repulsed, and forced to retire, leaving nine of their number behind them, dead on the field, besides several others carried away wounded. No one in the fort was killed, but several wounded. Col. Dement received three shots through his clothing, but fortunately escaped unhurt. At 8 o'clock in the morning, messengers were sent fifty miles to Gen. Posey for assistance, and towards sundown that General and his brigade made their

appearance, and no further attack was made on the fort by the savages. General Posey started out in search of the enemy the next day, but the trail showed that they had pursued their favorite tactics of scattering their forces, and the pursuit was abandoned. The army continued its march up Rock River, near the source of which they expected to find the enemy. As provisions were scarce and difficult to convey for any distance, the command of Gen. Alexander, with a detachment under Gen. Henry and Major Dodge, was sent to Fort Winnebago, between Fox and Wisconsin rivers, to obtain supplies. Learning that Black Hawk was encamped on the Whitewater, Gen. Henry and Major Dodge started in immediate pursuit, leaving Gen. Alexander with his command in charge of the provisions to return to Gen. Atkinson. After several days' hard marches, and much suffering from exposure and lack of food, on the 21st day of July, the enemy were overtaken on the bluffs of the Wisconsin, and a decisive battle fought, in which Gen. Henry commanded the American forces, which consisted of Major Dodge's battalion on the right, Col. Jones' regiment in the center, and Col. Collins' on the left, with Major Ewing's battalion in the front, and Col. Fry's regiment in the rear as a reserve force. In this order they charged the enemy, and drove him from position after position with great loss, till the sun went down, leaving them victors, in the first important advantage gained over the enemy during the war.

In the morning it was discovered that the Indians had fled in the direction of the Mississippi river, leaving 168 dead on the field, and of their wounded, taken with them, twenty-five were found dead the next day on their trail, while Gen. Henry lost one man killed and eight wounded. Litters were constructed for the wounded, and on the 23d of July, the army was again in motion, and after some difficulty on account of high water, reached Blue Mounds in safety, where they met Gen. Atkinson with the regulars, and the balance of the volunteer force. A return of the force at this time showed in Posey's brigade 200 effective men, Alexander's 850, in Henry's 300, while the regulars under Gen. Brady mustered 400 men; all told, the force mustered about 1,200 effective men—though much reduced since the beginning of the campaign, still more than twice the number possessed by Black Hawk when in his best state of preparation, before any of the fights.

On the 25th the whole army was again put in motion, to try to find the Indians. Having spent two days in crossing the Wisconsin river, near Helena, on the 28th they came up with the trail of the Indians, the abandoned articles, and dead bodies strewed along the trail, showing them to be in a deplorable condition, and suffering for food. On the morning of the 2d of August, the army reached the bluffs of the Mississippi, some distance, however, from the stream. The Indians had reached the river, and were making active preparations to cross. Some had already crossed, and some of the women and children had started down the river in canoes to Prairie du Chien, which they after-

ward reached in a starving condition. In this condition the Indians, when they arrived at the river, were attacked by a force under Capt. Throckmorton, who was on the steamer *Warrior*, and who, with a six-pound cannon, loaded with canister, destroyed many of the luckless fugitives, although they had displayed a white flag, which he refused to recognize. The fuel in the steamer having failed, it fell down the river to *Prairie du Chien*. Although he had killed twenty-three Indians and wounded many more, Capt. Throckmorton intended to return after wooding up, and finish the remainder. Before he could execute his intention, however, Gen. Atkinson had fallen on the unfortunate savages where they were encamped, at the mouth of the *Bad Axe*, a creek emptying into the Mississippi river, and had commenced a general battle, in which the Indians were completely routed, and suffered a loss of 150 killed, besides many drowned, and many more wounded. A large number of women and children lost their lives, owing to the fact that it was impossible to distinguish them from the men. [Davidson and Stuve's Hist. 405.] The American loss was seventeen killed.

This battle virtually ended the war. Gen. Atkinson, with his force, and prisoners, [about fifty women and children], fell down the river to *Prairie duChien*. On the 7th day of August, Gen. Winfield Scott, who, with nine companies of infantry, had been sent from *Fortress Monroe*, arrived, and assumed command. He had arrived with four of these companies at *Chicago* the day before, making the march of 1,800 miles in eighteen days, part of the way by steamer on the lakes, having left behind three companies, who had contracted Asiatic cholera at *Detroit*, at *Fort Gratiot*, forty miles from that city. This disease preyed to such an extent on the forces who came through, that they remained in *Chicago* until the latter part of the month before coming on to *Fort Armstrong*, their final destination. The volunteers now returned to *Dixon*, and were discharged on the 17th day of August. On the 27th *Black Hawk*, having been captured by some treacherous *Winnebagoes*, was delivered to the whites at *Prairie du Chien*, and he and his family were sent as hostages to *Fortress Monroe*, and there retained until June, 1833. In September, 1832, a treaty was made which ended the Indian troubles in this State, and although a few companies were detained a few weeks longer, the main body of the force returned to their homes in August, 1832.

Black Hawk, upon regaining his liberty, ever after conducted himself in a friendly manner to the whites. In 1837 he again visited *Washington* with a deputation of the chiefs of his tribe, on the invitation of the President, to settle differences which had occasioned a violent war with them and the *Sioux*. After his return he settled in what is now known as *Lee county*, *Iowa*. In the spring of 1838 he built himself a dwelling on the *Des Moines* river, 20 miles above its mouth. In this he moved his family, and prepared to farm and live after the manner of the whites. On a visit made to *Burlington*, the following autumn,

he took cold, which brought on a disease which terminated his eventful life, and at the age of 72 Black Hawk was gathered to his fathers.

Perhaps no one of his race ever excelled Black Hawk in patriotism or love for his country. He fought an unequal battle for the home and the graves of his ancestors. In his last speech to the Americans, he said: "Rock River was a beautiful country. I like my towns, my cornfields and the home of my people. I fought for it. It is now yours. It will produce you good crops."

A dispassionate view of the war and its causes will show that he had grievances, and when he had failed to redress them in a peaceable manner, had resorted to arms, because he thought it the only possible arbitrament

Besides the companies of Captain Joseph Napier (page 149), Captain Holden Session (page 148), and Captain James Walker (page 178), the latter from Walker's Grove, now Plainfield Township, in Will county, all of which were recruited within the limits of the then county of Cook; another company was organized for home defense within the city of Chicago, a muster roll of which is preserved in a book entitled "Early Chicago," by Hon. John Wentworth, being the third paper published by that gentleman on the early history of the city of Chicago (No. 16, Fergus Hist. Pamphlets).

MEXICAN WAR.

The volunteers from the State of Illinois performed such a conspicuous part in the war with Mexico, that it is necessary to give an epitome of the war, to be able to understand and appreciate the nature and value of their services, and render them the due credit which their importance demands.

On the 11th day of May, 1846, Congress passed an act, declaring that "By the act of the Republic of Mexico, a state of war exists between that Government and the United States." At the same time that body made an appropriation of ten millions dollars to carry on the war, and authorized the President to accept fifty thousand volunteers.

This force, for convenience sake, to save transportation, and because of their already well-known familiarity with fire-arms, was drawn principally from the Southern and Western States. Illinois was called on for three regiments of infantry or riflemen, and the pay, with all allowances, placed at \$15.50 per month to the private soldier. The militia of the State being then in an unorganized condition, Governor Ford issued a call for thirty full companies of volunteers of a maximum of eighty men, to serve for twelve months, and with the privilege of electing their own company and regimental officers.

The response to the call was enthusiastic in the extreme. Within ten days thirty-five full companies had organized and reported. By the time the place of rendezvous had been selected, (Alton), there had been seventy-five companies recruited,—each furious to go—of which the Governor (Ford) was compelled to select thirty companies—the full quota of the State—and the forty-odd unsuccessful companies were doomed to the disappointment of remaining at home. Of these thirty companies, were organized the *First* Regiment, Col. John J. Hardin; the *Second* Regiment, Col. William H. Bissell, and the *Third* Regiment, Col. Ferris Foreman, which were recruited during the months of April, May and June, and mustered into the United States service, at Alton, Ill., on the 2d day of July, 1846.

Hon. E. D. Baker, then a member of Congress from the Capital district, induced the Secretary of War to accept another regiment from this State, and thereupon the *Fourth* Illinois was organized and mustered into the service on the 18th day of July, 1846, and served in the same brigade with the Third Regiment until both were discharged.

The *First* and *Second* Regiments must be considered together, as their history is the same.

These regiments were transported separately down the Mississippi river and across the Gulf, and re-joined each other on the first day of August at Camp Erwin, near the old town of Victoria, on Weulooop river, and after marching together to San Antonio, Texas, they joined General Wool's army of the center. They left that city on the 26th day of September. Marching steadily along, they entered Santa Rosa on the 24th day of October with no opposition. Thence they marched to Monclova, thence to Parras, where the original idea of the march, the capture of Chihuahua, was abandoned.

After remaining at this place twelve days, General Wool started to intercept, if possible, Santa Anna's attack on Monterey, and on the 21st of December occupied Agua Nueva, thus completing a six weeks' march of about one thousand miles, which had been barren of results. In January, 1847, General Taylor proceeded from Saltillo and formed a junction with Gen. Wool. On the 22d day of February, 1847, was begun the battle of Buena Vista, which ended on the 23d, and resulted in a complete victory for the American forces, and in which these two Illinois regiments covered themselves with glory.

Concerning the conduct of the Illinois volunteers at the battle of Buena Vista, we quote from an extended report made by Major General Zach. Taylor, U. S. A., commanding, dated

"AGUA NUEVA, March 6, 1847.

"The First and Second Illinois and the Second Kentucky Regiments served immediately under my eye, and I bear a willing testimony to their excellent conduct throughout the day. The spirit and gallantry with which the First Illinois and Second Kentucky engaged the enemy in the morning, restored confidence to that part of the field, while the list of casualties will show how much these three regiments suffered in sustaining the heavy charge of the enemy in the afternoon. Captain Conner's Company of Texas Volunteers, attached to the Second Illinois Regiment, fought bravely, its Captain being wounded and two subalterns killed. Colonel Bissell, the only surviving Colonel of these regiments, merits notice for his coolness and bravery on this occasion. After the fall of the field officers of the First Illinois and Second Kentucky Regiments, the command of the former devolved upon Lieutenant-Colonel Weatherford, and that of the latter upon Major Fry. Regimental commanders and others, who have rendered reports, speak in general terms of the good conduct of their officers and men, and have specified many names, but the limits of this report forbid a recapitulation of them here. I may, however, mention * * * Lieutenant-Colonel Weatherford, First Illinois Regiment, Lieutenant-Colonel Morrison, Major Traill and Adjutant Whiteside (severely wounded), Second Illinois Regiment, and Major Fry, Second Kentucky Regiment, as being favorably noticed for gallantry and good conduct. * * * To Major Warren, First Illinois Volunteers, I feel much indebted, for his firm and judicious course, while exercising command in the city of Saltillo." (MSS. and doc. 1847, p. 139.)

From a return of troops engaged in the action of the 22d and 23d day of February, A. D. 1847, made by General Zachery Taylor to the Adjutant General of the Army, under date of March 6th, we quote as follows:

FIRST ILLINOIS.

Eight companies—1 Colonel, 1 Lieutenant-Colonel, 8 Captains, 1 Adjutant, 18 Subalterns, 519 non-commissioned officers and privates. Sick—Two commissioned officers and 25 non-commissioned officers and privates, making an aggregate of 380 officers and privates.

SECOND ILLINOIS.

Eight companies—1 Colonel, 1 Major, 7 Captains, 1 Adjutant, 19 Subalterns, 496 non-commissioned officers and privates. Sick—Four commissioned officers, 40 non-commissioned officers and privates. Aggregate, 573 officers and privates.

From an official return of the killed, wounded and missing in battle of Buena Vista, we quote:

FIRST ILLINOIS FOOT.

Killed—One Colonel, One Captain, one Subaltern, 26 enlisted men. Total 29.

Wounded—Two Subalterns, 16 enlisted men, missing, 3. Aggregate loss, 50.

SECOND ILLINOIS FOOT.

Killed—Two Captains, one Subaltern, 29 enlisted men.

Wounded Two Captains, six Subalterns, 63 enlisted men. Missing, four enlisted men. Aggregate loss, 126.

With the exception of the sending out of an occasional foraging detachment no further service was performed by these two regiments during the war. They remained at Buena Vista until the latter part of May, when the following order was issued:

HEADQUARTERS, BUENA VISTA, }
May 23, 1847. }

Orders No. 302.

The term of service for which the First and Second Illinois Regiments have engaged to serve the United States has nearly expired, and they are about to return to their homes. The General commanding takes this occasion to express his deep regret at the departure of those who have been so long under his immediate command, and who have served so well their country.

Few can boast of longer marches, greater hardships, or more privations, and none of greater gallantry than on the field of Buena Vista. It was there that the General witnesses with infinite satisfaction their valor, which gave additional luster to our arms, and increased glory to our country. To their steadiness and firmness in connection with the Second Kentucky Regiment of foot, in resisting the Mexicans at a critical moment, and when there were five to one against them, and as General Santa Anna said, "where blood flowed in torrents and the field of battle was strewn with their dead," we may justly ascribe a large share of the glorious victory achieved over 20,000 men. A great victory it is true; but obtained at too great a sacrifice. Hardin, Zabriske, McKee, Woodward, Yell, Clay, and many others, fell leading their men to the charge. Their names and gallant deeds will ever be remembered by a grateful people. In taking leave of these regiments, the General cannot omit to express his admiration of the conduct and gallant bearing of all, and especially of Colo. Bissell and Weatherford and their officers, who have on all occasions done honor to themselves, and heroically sustained the cause of their country in the battle of Buena Vista. His best wishes will attend them to their homes, where they will be received with joy and gladness as the pride of their families and of their States.

By Command of Brigadier-General WOOL.

IRWIN M'DOWELL, Assistant Adjutant General.

These regiments were discharged at Camargo, Mexico, on the 17th day of June, 1847.

THE THIRD AND FOURTH REGIMENTS.

were like the first two, brigaded together during their entire service. They were placed in Gen. Paterson's division, and marching from Mata-

moras to Tampico, formed part of Gen. Shields' force while he was in command of that city. On the 9th day of March, the Third and Fourth Regiments took part in the descent on Vera Cruz. Gen. Scott says in his report, dated Vera Cruz, March 14, 1847: "I could not postpone the descent, successfully made on the 9th inst., for half of the surf boats, Brig.-Gen. Shields' brigade, (old volunteers from Tampico), or the wagons and teams which were then behind. That General landed with the army, having a small part of one of his old regiments, (three companies of the Third Illinois Foot), and the New York regiment of new volunteers." (Mess. and Doc. 1847, p. 218). Gen. Scott was mistaken in attributing to the Third Illinois credit due to the Fourth. Though both regiments took part in the expedition, it was companies "A," "F" and "G" of the Fourth Illinois, under the immediate command of Lieut. Col. John Moore, who made the landing referred to, Capt. H. A. Roberts, of Co. "A," from Sangamon county, being the first man to place his foot on the enemy's soil.

In the battle of Cerro Gordo, the Third and Fourth were hotly engaged, and gained great credit for their bravery. Gen. Scott, in his report of that battle to the Secretary of War, under date of April 23, 1847, says:

Early on the morning of the 18th, the columns moved to the general attack, and our success was speedy and decisive. * * * The Brigade so gallantly led by General Shields, and after his fall, by Colonel Baker, deserves high commendation for its fine behavior and success. Col. Foreman and Burnett, and Major Harris (Fourth Illinois) commanded the regiments; Lieut. Hammond, Third artillery, and Lieut. Davis, Illinois volunteers, constituted the brigade staff. (Mess. and Doc. 1847, p. 203.)

Brig.-Gen. Twiggs who was in the immediate command of all the advanced forces, in a report to the General-in-Chief, dated April 19, 1847, (the day following the battle), says:

Of the conduct of the volunteer force under the brave General Shields, I cannot speak in too high terms. After he was wounded, portions of the three regiments were with me when I arrived first at the Jalapa road, and drove before them the enemy's cannoners from their loaded guns. Their conduct and names shall be the subject of a special report. (Mess. and Doc. 1847, p. 276.)

From the report of Maj.-Gen. Patterson, commanding the volunteer division at the battle of Cerro Gordo, under date of April 23, 1847, and made to the commanding General, we extract:

"On the afternoon of the 17th, a rapid and continuous fire of artillery and infantry, announcing that the Second division of the regulars was closely engaged with the left of the enemy's lines, I was instructed, and immediately directed the Third Volunteer Brigade, under Brig.-Gen. Shields, to proceed at once to its support. Before the brigade reached the position of that division, the action had ceased for the day; the night was, however, occupied in establishing several pieces of artillery upon a height adjacent to the "Cerro Gordo."

Early on the morning of the 18th the brigade moved to turn the extreme left of the enemy's lines, resting on the Jalapa road. This was done over rugged ascents and through dense chapparal, under a severe and continuous flank fire from the enemy. Brig.-Gen. Shields, whilst gallantly leading his command, and forming it for the attack of the enemy, posted in force in his front, fell severely wounded, and was carried from the field.

Colonel Baker, Fourth Illinois Regiment, having assumed the command, the enemy's lines were charged with spirit and success by the Third and Fourth Illinois, and the New York Regiment, under the respective commanders, Cols. Foreman and Burnett, and Major Harris. The rout now becoming general, the brigade pressed forward in rapid pursuit, leaving a sufficient force to secure the artillery, specie, baggage, provisions and camp equipage left in our hands."

Later in same report Gen. Patterson says: "The attention of the general-in-chief is particularly called to the gallantry of Brig.-Gens. Pillow and Shields, who were both wounded at the head of their respective brigades; and to Colonel Baker, who led Shields' brigade during a severe part of the action, and during the pursuit; and Lieut. G. T. M. Davis, Illinois volunteer aid-de-camp to Shields' brigade.

The loss of both regiments is given in the official reports of killed and wounded, forwarded to the War Department after the battle, as follows:

Third Illinois—Killed, 1; wounded, 15; total, 16.

Fourth Illinois—Killed, 5; wounded, 43; total, 48.

This office is in receipt of a letter dated February 5, 1882, from Second Lieut. W. A. Timney, of the Fourth Illinois volunteers, in which he says: "We stormed their fort and put the enemy to flight, taking about six thousand prisoners, and we captured Gen. Santa Anna's carriage, also his wooden leg, which I have in my possession."

The Third and Fourth Regiments were shortly afterward returned by vessels to New Orleans, where they were discharged from the 23d to the 25th days of May, 1847.

THE FIFTH REGIMENT,

which is known officially as the First Regiment, Illinois Volunteers "during the war" (the other regiments having been enlisted for "twelve months"), was called out, under the requisition made by the Secretary of War April 19th, 1847, for six thousand more volunteers to "serve during the war," to take the place of those whose term of enlistment was to expire. Of this call, but one regiment was assigned to the State of Illinois, which was organized June 8th, 1847, at Alton, Illinois, by the election of E. W. B. Newby as Colonel.

This regiment left Alton by steamer, for Fort Leavenworth June 14, and from thence marched across the plains to Santa Fe. In October, 1847, the first battalion with a part of a Missouri regiment marched to El Paso. The other battalion remained at Santa Fe, as a garrison. This regiment lost heavily by sickness and exposure in its long marches across the plains, but was engaged in no battles or skirmishes with the enemy. It was mustered out of the service at Alton, Illinois, from the 15th to the 18th day of October, 1848.

THE SIXTH REGIMENT,

otherwise known as the Second Regiment, enlisted "during the war," was organized out of the overflow of companies which were raised for the Fifth Regiment.

So much honor had been achieved by the four regiments sent out by this State the first year of the war, that their praise was on every lip, and the young and ambitious were ready to make any sacrifice to be able to go and fight the Mexicans. When the call was made for the Fifth Regiment it was difficult again for the Governor to select, as the men poured in by hundreds, and enough reported in ten days time to fill half a dozen regiments. Application was again made to the Secretary of War by Lieutenant Colonel Hicks and others for leave to organize another regiment. It was hard to refuse these veterans of Buena Vista and Cerro Gordo, and the permission was granted, and the regiment was organized at Alton, Illinois, on the 3d day of August, 1847, by the election of J. Collins as Colonel.

Shortly after the regiment was mustered into the United States service it was forwarded by steamer to New Orleans, and there divided into two battalions. Companies A, D, E, F and H, under command of Colonel Collins, being sent to Vera Cruz, where they arrived on the 31st day of August, 1847. They were shortly afterwards engaged in a skirmish with the guerrillas, but saw no further actual service, save the duties of camp and garrison life. The Second Battalion, under Lieutenant Colonel Hicks, consisted of Companies B, C, G, I and K, and was forwarded by vessel to Tampico and there performed garrison duty until discharged. Both battalions, as the muster rolls show, lost heavily from sickness, incident to the climate, as might have been expected of raw and unacclimated men in so dangerous a climate. This regiment was mustered out on the 20th to the 25th days of July, 1848, at Alton, Illinois.

INDEPENDENT MOUNTED TROOPS

The rolls furnished this office from the war office in Washington show that four independent companies of cavalry were mustered into the United States service during the Mexican war. All enlisted the second year of the war, and mustered in, as all troops were, under the second call, for "during the war." Of these, the first recruited,

CAPT. ADAM DUNLAP'S COMPANY,

was recruited during the month of May, 1847, at Rushville, at Schuyler county, and was mustered into the United States service in Alton, on the 21st day of the same month, its enlistment being authorized by the same order under which Col. Newby's regiment was recruited. This company was never engaged in any actual battle, but did considerable scouting service, and was in several skirmishes with the guerrillas and scouts of the enemy. This company also lost heavily, as did all the volunteers of that year, by sickness, several men having died while at Matamoros. It was finally discharged at Alton, Illinois, on the 7th day of

November, 1848, having served eighteen months in all, being distinguished as the longest term of service of any company from this State in the whole war.

CAPT. WYATT B. STAPP'S COMPANY.

This company was recruited at Monmouth, in the month of June, 1847, and was mustered in at Quincy, Illinois, on the 10th day of August, 1847. It lost severely by sickness at Perote and Jalapa, and was finally returned to the States, without adventure of serious nature, and was mustered out at Alton on the 26th day of July, 1848, lacking fifteen days of serving one year from the date of muster.

FIRST LIEUT. GEORGE C. LANPHERE,

Of this company, returned home in the spring of 1848, to recruit for his company, and during the months of March, April and May had recruited thirty-one men [page 309], who were never sent to the company, but were mustered out by order of the Secretary of War, at Jefferson Barracks, near St. Louis, Mo., June 28, 1848.

CAPT. MICHAEL K. LAWLER'S COMPANY.

During the month of August, 1847, Capt. Lawler, who was a veteran of the Black Hawk War, recruited an independent company of cavalry at Shawneetown, which was mustered into the United States service at place of enrollment, on August 13, and forwarded to Mexico *via* the New Orleans route. Except the common experience with fever, reptiles and insects, this company had no encounter with foes of any kind, and after some routine service, laborious but unimportant, was returned to place of enlistment, and mustered out on the 26th day of October, 1848.

CAPT. JOSIAH LITTLE'S COMPANY

was conspicuous as the last company received into the United States service, being mustered in at Alton on the 11th day of September, 1847. No record of its service has been received, and we can only add that it was mustered out at the same place July 25, 1848.

"REGULAR" ENLISTMENTS FROM ILLINOIS.

On the 11th day of February, 1848, Congress passed an act authorizing the President to raise ten new regiments for the Regular Army to be enlisted for "during the war." These regiments were all recruited prior to the 30th of September of the same year, and consisted of a regiment of Voltigeurs, eight regiments of Infantry, the Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth and Sixteenth and the Third regiment of Dragoons. These regiments were recruited at *various stations all over the United States*. Of these regiments the Twelfth,

Thirteenth and Fourteenth regiments were recruited by Brig.-Gen. G. M. Brooke, at New Orleans, while the Fifteenth and Sixteenth were recruited by Lieut. Col. J. Erving, at Cincinnati. As will appear by the rolls published, Illinois furnished two companies for the Sixteenth and one company for the Fourteenth regiment, under this call. As to the history of these regiments we find that the Fourteenth regiment was brigaded with the Voltigeur regiment and the Eleventh Infantry, and under Brig.-Gen. Cadwalader was engaged in the battle of El Molino del Rey, on the 8th day of September, 1847. Concerning their conduct Major Gen. Worth, in his official report of the engagement, made to the

Commander-in-Chief, dated Tacayuba, September 10th, 1847, says:

"I desire to bring the notice of the General-in-Chief to the gallantry and good conduct of Brig.-Gen. Cadwalader and his command, by which the most timely and essential service was rendered in supporting the attack, and following up the success. Such movements as he was directed to make were executed with zeal and promptness." (Mess. and Doc. 1847, p. 366.)

From a return of killed and wounded in this engagement accompanying this report, it appears that the Fourteenth regiment lost, Killed—1 Corporal. Wounded—1 Field Officer, 1 Captain, 3 Lieutenants, 2 Corporals and 16 Privates.

No official report of the service of the Sixteenth regiment is in possession of this office or at present accessible.

By General Order No. 25, A. G. O., June 8, 1848, the enlisted men of these two regiments, as well as others enlisted under the same act, were ordered to be mustered out, the Fourteenth at New Orleans, and the Sixteenth at Newport Barracks, Kentucky, which was done accordingly.

As several recruiting stations were opened in the Southwestern States, quite a number of Illinois men were recruited in the Regular Army proper, notably in the Fourth regiment. A member of this regiment, Mr. J. W. Thomson, of Princeton, Illinois, and a private of Company "A," has kindly furnished us an account of the services of his regiment in the Mexican war, but as we have no official statement of the names or number of the Illinois men scattered through these regiments, we forbear to publish this as well as some other interesting matter which we have concerning the services of the regular regiments in the Mexican war.

In closing this memoranda of the services of the Illinois soldiers in the Black Hawk and Mexican wars, we can not forbear to mention that in the voluminous correspondence this office has had with the survivors of these wars, the idea seems to be universally prominent with them that the General Government should, in the exercise of that spirit of patriotic gratitude, heretofore manifested in favor of the soldiers of the revolution and of the war of 1812, grant equally to these survivors some further recognition of their services in the way of a pension. While it

is no part of our duty, in editing this record, to attempt to support, or further any propositions asking such action by Congress, we may be allowed to say, without subjecting ourselves to criticism, that there is something in the appearance of the letters of these old veterans of a generation gone before, which appeals to our liveliest sympathies. They almost unanimously ask in their quavering and palsied penmanship, that the General Government make some additional provision to secure them against want in their old age.

Thomas Spencer, a private of this company, was mustered into the service of the United States, as a private of the company, mounted, armed and equipped, on the 19th of June, 1832, at Fort Wilbourn. He served through the campaign and left the company in charge of a disabled man (T. B. Spencer) on the 10th and 11th of August.

four or five days before the company was mustered out of service, and his name was omitted from this muster roll by oversight. He should have been mustered out of service upon this roll, and is fully entitled to pay during the full term of the company. To the truth of which I hereby certify on honor.

REGULAR ENLISTMENTS

The following rolls of enlisted men were furnished this office by the War Department at Washington, D. C., being of men recruited in the State of Illinois, under the act of Congress, known as "the ten regiment bill." Nothing is known of the particulars of their service further than is already given in the "Historical Memoranda," in the earlier pages of this book. The Adjutant-General of the army, when applied to for data as to the killed, wounded, discharged, etc., stated: "I have the honor to inform you, by direction of the Secretary of War, that the request cannot be complied with, it being contrary to the well established practice of the office, and not consistent with the interests of the public service."

An application was made at the same time for the names of commissioned officers, but the War Department, for some unexplained reason, failed to furnish those also.

APPENDIX.

WAR OF 1810-'13.

Throughout the whole summer of 1811 the English emissaries kept up, industriously, the dastardly work of setting the Indians on the white settlers. Encouraged by their promises, Tecumseh had conceived the plan of combining the Southern tribes into a league with the Northern Indians to make war on the United States until their lands were restored to them.

His attack on General Harrison with a force of over 700 men, under cover of darkness, and his ultimate defeat and flight, with a serious loss of killed and wounded, is a part of the history of our country which concerns us only, as our Illinois troops participated in the victory. This battle, which took place on the 6th day of November, 1811, cost the lives of 37 killed outright and 25 mortally wounded who afterward died, and these were the very flower of the young settlers of Indiana and Illinois Territories. Among the killed in this battle was Captain Isaac White (for whom White county was afterward named), who commanded a company of Illinois troops raised in Saline county, of which we possess no roll. Here also fell Major Joe Dayless, whose name is also perpetuated in the county of that name; and of the others whose names are not recorded—nor have they been perpetuated—we can only say they did their duty bravely, and the sacrifice of their own lives saved those of hundreds of women and children who might otherwise have fallen ready victims to the cruelty of the victorious savages.

The rolls of companies of rangers mustered into the United States service during the summer and fall of 1811, are no doubt preserved at the War Department. Of the militia who from time to time were called out by Governor Edwards, there are but few of the rolls preserved. We find, however, a pay roll of militia from July 4th, to July 29th, 1811, as follows:

During the winter of 1811-12 the Indians on the upper Mississippi were very hostile, and committed many murders.

Governor Reynolds charges in his "Own Times" that the British agent at Prairie-du-Chien—"It was reported by Indian traders—"had engaged all the warriors of that region to descend the Mississippi and exterminate the settlements on both sides of the river."

A few marauding parties penetrated far down in the State, killing Andrew Moore and his son on the middle fork of Big Muddy (Moore's Prairie, in Jefferson county, was named for him.). Later in the same year they attacked Hill's fort, and were repulsed.

In view of the troubled state of affairs Governor Edwards, in March, 1812, dispatched Captain Edward Hebert as a friendly messenger to the Indians living on the Illinois River, inviting them to a counsel, which met on the 16th day of April, at Cahokia, and in which all the tribes in the State were represented. After protracted speech-making, in which the Indians rather had the advantage, they came away loaded with substantial presents. Reynolds says:

"The wild men exercised the most diplomacy, and made the Governor believe that the Indians were for peace, and that the whites need dread nothing from them. They promised enough to obtain presents, and went off laughing at the credulity of the whites."

Some of the same Indians who participated in this council were engaged in the Chicago massacre the August following.

The Indians of the Northwest, however, did not desire peace. They had been kept stirred up and excited by the British agents, so that when Congress, on the 19th day of June, 1812, declared war against Great Britain, they were ready to take advantage of the fact and throw their aid with the enemy in a general warfare against the settlers on the whole American frontier. In Illinois the militia was thoroughly organized in anticipation of the outbreak, and additional forts were built, one near the mouth of Little Wabash, and another at the mouth of La Motte creek.

MASSACRE AT CHICAGO.

The greatest massacre ever committed in the State occurred on the 15th day of August, 1812, near the site of the present city of Chicago. In 1804 the General Government had erected Fort Dearborn at the mouth of the Chicago River, on the site of an old fort built by the French in the 17th century, and maintained in it a small garrison, usually consisting of 50 men and three pieces of artillery. Under this precarious protection there had gathered quite a number of Indian traders and their families, and a few settlers had established their homes in the immediate vicinity. For the eight years of the existence of the fort the history of the garrison had been free from incident. The relations of the officers, the soldiers, and even of the settlers and traders, with the savages, were supposed to be of the most cordial nature. At the time of the massacre the garrison consisted of 75 men, few of whom were effective soldiers. The officers were Captain Heald, Lieutenant Helm, Ensign Ronan and Surgeon Voorhees.

On the 7th of August Captain Heald received an order from Governor Hull, commander-in-chief, to evacuate the fort. The Captain and Lieut. Helm, as well as John Kinzie, the principal trader, had families there, and their condition was all the more critical. Mr. Kinzie, who was seconded strongly by the sagacious chief who brought the order, Winnemeg, strongly advised against the evacuation, not believing it to be safe to leave the protection of the block-houses. But the commander, impressed more with his duty of obedience than of fear of danger, which he did not consider imminent, without consultation with his subordinates gave the order to evacuate the following morning. The other officers immediately added their remonstrances, and urged the improbability of being able to make a successful retreat with so small a force to so great a distance as Fort Wayne, through the country of so vigilant and hostile a foe.

The publication of this order for a week previous to the intended evacuation, no doubt added much to the danger.

Captain Heald called together the Pottawotamies in council on the 12th, and promised them the goods belonging to the government, and in return they promised him to escort his force to Fort Wayne.

Captain Heald, when too late, found that it was indiscreet to give the ammunition and whisky to the Indians, so on the night of the 13th he destroyed all the ammunition by throwing it in a well, broke the extra guns and stove the whisky barrels to prevent them falling into the hands of the Indians. A council of the savages held on the 14th expressed great indignation at this breach of faith on the part of the whites. Notice of the unfriendly attitude of the Indians was given during this day by Black Partridge, but Captain Wells with 15 friendly Miami having arrived from Fort Wayne, the despondency of the whites was somewhat dispelled. Captain Wells was a brother of Mrs. Heald, and hearing of the intended evacuation, had hastened to strengthen the escort with the few men he could command at a short notice.

The reserved ammunition, 25 rounds to the man, was issued, and the baggage wagons for the sick, and women and children, made ready, and on the morning of the 15th of August, notwithstanding another message from a friendly Indian to Mr. Kinzie, warning them of danger, they started on their ill-advised journey, leaving the fort at 9 in the morning, headed by a band of martial music; about a mile and a half from the fort, they encountered the Indians, hid behind the sand-hills which follow the course of the beach of Lake Michigan. The troops fought bravely, but were overborne by numbers; only 28 out of 66 surrendered. Captain Heald in his report gives them at 54 regulars and 12 militia, of which 26 regulars and all the militia were killed—all the other officers, including Captain Wells, except the Captain and Lieut. Helm, and most of the women and children were killed outright, one savage tomahawking 12 children in one wagon alone.

Of all who started out on the fatal morning, was left the Captain, First Lieut., 25 enlisted men, and 11 women and children, fortunately including among the latter the brave wife of Lieut. Helm, who herself and Mrs. Heald, who although seriously wounded, escaped most fortunately with her life.

A most notable incident of this massacre was the fact that Mr. Kinzie and family were unharmed, and restored to their house the next day, with the loss of but a small part of their goods; they, however, ran a close chance of destruction on the day following by a party of Wabash Pottawotamies, who arrived too late for the main attack, and were only saved by the presence of mind of Billy Caldwell, a half-breed Wyandott, who placated them with good speeches in recommendation of Mr. Kinzie's kindness to the Indians, and friendship for them.

CAMPAIGN OF 1812.

In the meantime Governor Edwards had not been idle. Anticipating for some months the action of the General Government, he had, on his individual credit, thoroughly organized and equipped the militia of the territory, built forts, and made every possible effort.

General Hull having surrendered at Detroit on the 16th day of August, the British and Indians had full sway in the whole northwest, with the exception of Forts Wayne and Harrison. This emboldened them to penetrate further and further into the interior, even encroaching on the settlements in Southern Illinois. The British had descended the Mississippi to Rock Island, and were distributing goods to the Indians through their notorious agent, Samuel Girty.

In the latter part of August, General Harrison superseded General Hull in the command of the Northwest.

The State of Kentucky had raised a force of 7,000 men, a portion of which, under the command of General Hopkins and Colonel William Russell, was directed to the aid of Indiana and Illinois. On the 11th day of October, Colonel Russell with two companies started from Vincennes to join Governor Edwards in an expedition then fitting out at Camp Russell. These companies were commanded by Captains Perry and Modrell. General Hopkins, in command at Vincennes with over 2,000 of the Kentuckians, were to move off the Wabash to Fort Harrison, pass over into Illinois, march across the prairies on the headwaters of the Sangamon and Vermillion Rivers, destroying the Indian villages in the course of his march, and to finally effect a junction with Edwards and Russell on the Illinois, and, combined, to sweep the Indians from the whole length of that river.

Governor Hopkins and his branch of the expedition succeeded very well in their plans, and about the middle of October crossed the Wabash at Fort Harrison, but the men began to show symptoms of discontent, which on the 20th had assumed so violent a form that the generals were forced to return after having penetrated from 80 to 90 miles into the heart of the Indian country.

In the meantime Governor Edwards had collected 350 men of the Illinois militia at Camp Russell, by the time Colonel Russell had arrived with the United States Rangers, as the regular troops were then called. These he divided in two small regiments, commanded respectively by Colonels Elias Rector and Benjamin Stephenson. (Rolls of a portion of these companies are yet preserved, and are published complete in the following pages).

DESTRUCTION OF PEORIA.

It having been reported to Governor Edwards that the French settlers at Peoria were inciting the Indians to attacks on the settlers, he dispatched Capt. Thomas E. Craig, of Shawneetown, with his company (see roll) in advance of the expedition, with two boats on the Illinois River, one boat loaded with provisions, and tools to build a fort, the others armed with blunderbusses and a swivel, as a sort of a gun boat, while both were "fortified so that the enemies bullets could not enter their sides." Craig was to wait at Peoria for further orders from the commander-in-chief, and was to make offensive war on the French inhabitants of that town. The latter instruction was carried out fully, by burning the place and taking prisoners the white inhabitants, who were afterwards sent as prisoners to Camp Russell and from there sent to St. Louis, and discharged some months afterwards. Governor Coles, in a report made to the Secretary of the Treasury, several years afterward, gives the names of these settlers as, Thomas Forsythe, Jacques Mette, P. Larasier (alias Chamberlain), Antoine Le Claire, Michael La Croix, Francis Racine, Sr., Francis Racine, Jr., Felix Fontaine, Hypolyte Maillet, Francis Banche, heirs of Charles La Belle, Antoine La Pance, Antoine Barbonne and Louis Pencennau. The above list does not include women and children, the number of prisoners in the aggregate numbering 75.

GOVERNOR EDWARDS' CAMPAIGN, 1812.

On the 18th day of October, Governor Edwards and his army took up their march. The route was up the west side of Cahokia Creek, thence to the Macoupin, which they crossed near the present town of Carlinville, thence in a northwest direction, they crossed the Sangamon below the junction of the north and south forks east of the present city of Springfield; passing thence east to Elkhart Grove, they crossed Salt Creek near the site of the present city of Lincoln; from thence marching still northward, they came upon a deserted Kickapoo village on Sugar Creek, which they set on fire and destroyed. After this, their course was directed to the head of Peoria Lake, where was located the village of Black Partridge, a chief of the Pottawatomies. Having approached within a few miles of the town, Thomas Carlin (afterwards Governor of the State), and Robert Stephen and David Whitesides, were sent to reconnoiter the enemy, which they successfully accomplished by passing through and over the town in the night without discovery.

Early on the following morning the army, with Captain Judy and his spy company in advance, under the cover of a dense fog moved upon the village, but the troops becoming entangled in the swamps, the Indians were apprised of their approach and fled without fighting or encountering any serious loss. Following the fleeing Indians for several miles across the yielding swamps, a small Indian town was reached and burned. The Indians having all made good their escape, and no news having been received from Governor Hopkins, and a rainy season having set in, the Governor deemed it prudent to retire. As Governor Reynolds quaintly observes in his "Own Times," "Our army returned home with all convenient speed."

Although Governor Edwards had several times during the years of 1811 and 1812 recommended to the Secretary of War the enlistment of one or more companies of "Rangers," to protect the frontier, and Congress having, in 1811, passed an act authorizing the organization of ten companies of rangers, which were afterward organized as the 17th United States Regiment, under Colonel William Russell, of Kentucky, an Indian fighter of bravery and experience, it does not appear that more than one Company was recruited in the Illinois Territory. Davidson and Stave say in their History, in reference to this force: "Four companies were allotted to the defense of Illinois, whose respective Captains were Samuel and William B. Whitesides, James B. Moore and Jacob Short. Independent Cavalry Companies were also organized for the protection of the remote settlements in the lower Wabash country, of which Willis Hargrave, William McHenry, Nathaniel Journey, Captain Craig, at Shawneetown, and William Boon, on Big Muddy, were respectively commanders, ready, on short notice of Indian outrages, to make pursuit of the depredators." (D. and S. Hist. Ill., p. 249.) We are, however, of the opinion that there must have been some mistake about the fact alleged of four companies of the 17th Regiment being from Illinois, as, of the Captains mentioned, we have evidence that Samuel Whitesides, James B. Moore and Jacob Short were commanding Companies of Militia at the time, in the

service of the Governor of the Territory, all belonging to the Regiment which William Whiteside, as Lieutenant Colonel, was then commanding (the 2d Regiment Ter. Militia). The organization and size of this command appear from a regimental return, on file in this office, bearing date of September 16, 1812, which was no doubt made out at Camp Russell, signed by Lieutenant Colonel William Whiteside, Commanding, and Elihu Mather, Adjutant, and is as follows:

1ST BATTALION—MAJOR JOHN MURDOCK.

Capt. Jacob Short	80
Capt. John Scott	75
Capt. Abraham Stallions	65
Capt. Edward Ebart	91
Capt. James B. Moore	71

	Total.
Capt. Valentine Brazil
Capt. Isaac Griffin	30
Capt. Nathaniel Journey	39
Shoal Creek Company
Total, 3d Battalion	69
Aggregate	700

In a morning report, also made at Camp Russell, dated Sept. 12, 1812, "of the troops under the command of Major Benjamin Stephenson," we find companies under the command of Captains James B. Moore, W. B. Whiteside, Absolem Cox, Jacob Short, Willis Hargraves, Samuel Whiteside, Nathaniel Journey and Amos Squires, giving an aggregate of 570 men. Two companies on this return, viz.: Absolem Cox's and William Hargraves' were probably independent companies or belonged to another regiment, and were reported because present at the same post. These returns were both made out and signed by A. Whitney, Sergeant-Major, and a penman of no mean ability.

In another morning report of "troops under the command of Lieut-Col. Whiteside," dated Oct. 10, 1812—and also made out by A. Whitney, Sergeant-Major—their appears companies under the command of Captain N. Ramsey, Thomas E. Craig, Willis Hargraves, Absolem Cox and James Trousdale, showing present an aggregate of 316 men. A "staff" return on the same blank shows present 1 surgeon, 1 surgeon-mate, 1 Adjutant, 1 Sergeant-Major, and 1 Judge Advocate. At the bottom of this return is the following: "N. B.—Six company on command, Captain Moors, S. Whiteside, Short, Whiteside, N. Journey, Squires." Of these companies mentioned in these returns we have rolls of a part only. These we will now give:

I certify that the foregoing is a correct muster roll of my company, and that they were mustered into the service of the United States Saline, on the 14th day of October, 1812.

Examined and approved.

B. STEPHENSON, Brigade Major.

DUDLEY WILLIAMS, Capt.

Also endorsed by a certificate of Philip Trammel, Lieut.-Col. of the 4th Regiment Illinois Militia: "That this company found their own provisions from Christian county to the United States Saline and back again, which going and coming may be considered 100 miles."

The foregoing comprises all the rolls of companies which have been preserved in this office of those who enlisted during and prior to year 1812. As the rolls of many of these Companies of Rangers are no doubt preserved in the archives of the War Department at Washington, and their publication would add much to the resources of the early history of the State, it is to be hoped that the General Assembly may see fit to take some steps to have them transcribed and published.

As to the other most common means of security for families of the settlers in these early days, these consisted of block-house forts, a number of which were built extending from the Illinois River to the Kaskaskia, thence to United States Saline, near the present town of Equality, and up the Ohio and Wabash rivers, and in nearly all settlements in Illinois. Some of these forts were situated as follows: One at the site of the present town of Carlyle, one a short distance above the town of Winston, and two on east side of Shoal Creek, known as Hills and Jones; all these in the limits of the present county of Clinton. One on the west side of Looking Glass Prairie, a few miles southeast of the present town of Lebanon, was known as Chambers' Fort. On the Kaskaskia River were Middleton's and Going's Forts; one on Doza Creek, a few miles from its mouth, known as Nat. Hills; two in the Jourdan settlement, in the eastern part of Franklin county, on the road from the Kaskaskia settlements to the salt works; one at the mouth of the Illinois River, and later John Campbell, an United States officer, erected a small block-house on the west bank of the Illinois River (at Prairie Marcot), 19 miles above its mouth. Larger forts than these were erected opposite the mouth of the Missouri River, to guard the river, and on Silver Creek, near Troy. The main fort, however, and military depot of the territory, was at Camp Russell, a mile and a half northwest of the present town of Edwardsville, in Madison county, in honor of the Colonel, the commander of the Regiment of Rangers. (D. and S. Hist., pp. 249-250.) This fort was protected by the cannon from old Fort Chartres, and under the guns of Louis XIV., under whose protecting muzzles the Territorial Governor was wont to organize his expeditions, gather his military stores, and rendezvous his recruits under the various calls which the necessities of a desultory Indian warfare, of several years' duration, made it obligatory on his Excellency to make.

At this fort, besides the rangers and riflemen mentioned in the various rolls above given, was also a small company of regular troops, under Capt. N. Ramsey, as

the return of Lieutenant-Colonel Whiteside on the 10th of October, 1832, heretofore published, shows to have contained a total of 33 men. This company was the only company of regular troops in Illinois Territory, during the war of 1812, which reached the headquarters of Governor Edwards, or tested the hospitalities of his fort.

Among these old rolls we find one of perhaps the most interest, in an historical point of view, of any small paper connected with the history of the State. It reads as follows:

GENERAL STAFF.

Muster roll of general and staff officers of a detachment of militia of Illinois Territory, ordered into the actual service of the United States, and commanded by his Excellency, Ninian Edwards, Governor and Commander-in-Chief of the Territory aforesaid:

No.	Names.	Rank.	Commence- ment of service.	Expiration of service.	Remarks.
1.	Ninian Edwards.....	Comm'nder-in-Chief	Sept. 2, 1812	Nov. 10, 1812
2.	Elias Rector.....	Adjutant-General....	Sept. 10, 1812	" "
3.	Benjamin Stephenson.....	Brigade Major.....	Sept. 2, 1812	" "
4.	Nath. Pope.....	1st Aid.....	Sept. 20, 1812	" "
5.	William Rector.....	2d Aid.....	Oct. 10, 1812	" "
6.	Nelson Rector, {	Volunteer Aids.....	Oct. 18, 1812	" "
7.	Robert Todd..... }				

On the back of this roll is the following endorsement:

"NOVEMBER 23, 1812.
"Examined, approved, certified and returned by me according to law, to the Com-
mander-in-Chief. ELIAS RECTOR,
"Adjutant General I. T."

CAMPAIGN OF 1813.

Early in this year, the country was put in as good state of defense as circumstances would allow. The forts and block-houses were strengthened and the settlers in remote and weakly garrisoned block-houses removed to those that were stronger. New companies of rangers were enlisted and stationed so as to cover the settlements. In addition to the regular forts, from the present city of Alton to Kaskaskia, were twenty-two family forts, scattered along. These precautions, however, did not prevent numerous depredations by the savages. Of these, the following appear to be the most important: In Washington county, four miles southeast of Covington (then the county seat) on the Kaskaskia River, the family of John Lively, an old ranger (see Alexander's Company), were attacked, and five persons killed, including Mr. Lively. The bodies of all were shockingly mutilated. The Indians who perpetrated this outrage were supposed to be Kickapoos, and were followed by Captain Boon and his company (see roll), but having four days the start, made good their escape. Near the present town of Carlyle a Mr. Young and a minister by the name of McLean were attacked by the savages. Young was killed, and McLean made an almost miraculous escape by swimming the Kaskaskia River, losing his horse and the greater part of his clothing.

Murders were also committed on Cache river within the present limits of Alexander county. Near Fort La Motte, about 30 miles above Vincennes, Mrs. Houston and four children were killed. In a small prairie near Albion in Edwards county, Mr. Boltinghouse was killed. This prairie was afterwards named for him.

Notwithstanding these, and many other outrages, the general government had provided no means for the support of the rangers and militia, and those in the service, in Illinois, were discharged on the 9th day of June by the Governor.

From a "daily and weekly report of a detachment of rangers of the Illinois Territory, under the command of Benjamin Stephenson, Brigade Major, April 17, 1813," we find that the following companies were included in his command: Capt. B. Whiteside's Capt. James B. Moore's (3d company), Capt. Samuel Whiteside's, Capt. Jacob Short's, and Capt. Nicholas Jarrott's. Rolls of Moore's and Short's companies, at that time, are as follows:

The foregoing company was, no doubt, temporarily called into service to hold the forts and protect the government from the Indians until some more definite arrangement should be made by the War Department to sustain a military force. The following letter from Governor Edwards to the Secretary of War, will shed some light on the subject:

Elvirade, Randolph County, Illinois Territory, May 4, 1813.

Sir: A short time ago I received a letter from Colonel Bond, informing me that you had authorized him to request me to raise and organize three additional companies of rangers. I immediately wrote you, that I supposed what had been done would be sufficient, and that those three companies who, through me, tendered the President their services as rangers, would be accepted.

They have been notified by me that they have been accepted, but lest some accident may have prevented my letters from reaching you, I will here give the names of these officers—all of whom have been chosen by their companies and approved by me:

James B. Moore, Captain.

David Robinson, 1st Lieutenant.

Arthur Morgan, 2nd Lieutenant.

John Hultt, Ensign.

Samuel Whiteside, Captain

Joseph Borough, 1st Lieutenant.

Samuel Gilbaur, 2nd Lieutenant.

Arthur Armstrong, Ensign.

Jacob Short, Captain.

Nathaniel Journey, 1st Lieutenant.

Andrew Bankston, 2nd Lieutenant.

John Journey, Ensign.

These officers and those of the companies raised here last year, are all exceedingly anxious to be commanded by Benjamin Stephenson as their major, with the exception of an ensign and a lieutenant, who were absent at the time. They have unanimously petitioned me on this subject. The privates comprising the battalion are equally desirous of it, and I can most conscientiously say, that, in my opinion, the territory does not admit of a better choice.

The Legislature of this Territory, at its last session, by the solicitations of certain individuals, was induced to ask for this force and to recommend John Murdock to be authorized to raise and command it.

But I beg leave to observe that the force I have raised has been upon a different plan altogether. Murdock has not raised a man, and has endeavored to throw every impediment in my way. He is not qualified, either by his knowledge or experience, for the command, and those who have recommended him will not pretend to say that his habits do not form a most important objection.

I have the honor to be,

Your obedient servant.

N. EDWARDS.

SECOND CAMPAIGN 1813.

Large numbers of hostile Indians having gathered among the Kickapoos and Potawatamies at their villages on Lake Peoria, and Marauding parties from these being frequently sent out to harass, rout and kill settlers on the frontiers of both Illinois and Missouri, a joint expedition was projected of the militia of both territories, to disperse them from their convenient location. An army of 900 men was collected and placed under the command of Gen. Howard, who had resigned the position of Territorial Governor of Missouri for that purpose. The Illinois contingent was ordered to rendezvous at Camp Russell.

One company, however, was ordered to a point on the Mississippi called Plaza, where they remained several weeks and suffered seriously from sickness.

The organization of the Illinois troops at Camp Russell was as follow: Colonel, Benjamin Stephenson, Randolph county; W. B. Whitesides and John Murdock, Majors, and Joseph Phillips, Samuel Judy, Nathaniel Journey and Samuel Whitesides, Captains. The Missouri contingent was commanded by Colonel McNair, afterward Governor of that State. Both regiments marched up on their respective sides of the Mississippi river, without any adventure, except a slight skirmish by the Illinois troops with straggling Indians in search of wild honey in the present limits of Calhoun county. A junction was formed by the Missourians crossing the river at Ft. Mason, 100 miles above the mouth of the Illinois river, when General Howard took the principal command of the expedition. Passing a recently deserted Indian village on the site of the present city of Quincy, they struck out eastward and reached the Illinois river at the mouth of Spoon river, not far from the present town of Havana, in Mason county.

Here the provision boats arrived and took on board their sick. The march was continued up the Illinois river to Peoria, where there was a small stockade in charge of Capt. Nicholas of the U. S. Army, on which the Indians had two days before made an attack, but were repulsed. But the Indians gaining knowledge of the advance of this force, had, with their usual cunning, fled northward. Of the conclusion of this expedition Davidson and Stuve, say:

"The army was marched up the lake to Goma's village, the present site of Chilli-cothe, and finding that the enemy had ascended the Illinois, two deserted villages were demolished under the shock of its onset, and burned, when it took up its retrograde march. At the outlet of the lake, the present site of Peoria, the troops remained in camp several weeks, building Fort Clark, named in honor of Gen. George Rogers Clark. Major Christy in the meantime, was dispatched with a force, in charge of two fortified keel boats, up the river (Mississippi) to the foot of the rapids, to chastise and rout such of the enemy as might have lodged in that region. Major Boone was sent with a force to scour the Spoon river country, towards Rock river. Both expeditions returned without other discoveries than signs of alarm on the part of the enemy, and his retreat into the interior. The army returned by a direct route to Camp Russell, where the volunteers and militia were disbanded, October 22, 1813. (D. and S., History Illinois, p. 227.)

1814.

The year 1814 was prolific with horrible deeds of savage butchery. The Indians were incited by British agents and were active all along the line of the advancing frontier. Illinois with her large line of explored settlements suffered severely. We will mention only a few of the most aggravated of their outrages. Compiled from Reynolds' Times, and Stuve's History of Illinois.

In July, a Mrs. Reagan, living in the Wood River settlement six miles east of the present city of Alton, with her six children, were murdered by the Indians, who were pursued by Capt. Samuel Whiteside and his company of rangers, to the Sangamon river, where all escaped except the leader, who was shot out of a tree top by Capt. Whiteside, with the scalp of Mrs. Reagan fastened to his belt.

In August, Capt. Short's rangers, who were encamped at the Lively cabins in Washington county, discovered the trail of 7 Indians with 14 stolen horses. Capt. Short with 30 men followed them overtaking them on a fork of the little Wabash, near the east line of Fayette county, and killed them all. The whites lost but one man, William O'Neal, who was killed by an adversary quicker than himself.

The military expeditions in which Illinois participated in this year were by water on the Mississippi. The first was that of Governor Clark (in the absence of General Howard) which left St. Louis on the 1st of May, composed of 200 men, in five barges destined for Prairie du Chien.

Dickson, a British agent, had recruited at that place a short time previously, a force of 200 Indians for the British army, which he had conducted to Canada, leaving a small garrison of "Mackinac Fencibles" under the command of a British officer to hold the post until his return. These Governor Clark had no difficulty in putting to flight, and quartering his troops in the house of the Mackaw Fur Company, erected a fort which he called Ft. Shelby, and returned in June to St. Louis. But in July a large force of British and Indians under Col. Mackey, coming by water from Mackinaw, via Green Bay, and the Wisconsin river, after a short siege captured the entire garrison, which they paroled, thus leaving the British the gainers of all the material advantages of the expedition.

General Howard having returned to his post in St. Louis in the meantime, and believing it desirable to strengthen the fort at Prairie du Chien, to this end sent 108 men in charge of Lieutenant Campbell of the regular army, in three keel boats up the river, as reinforcements. Of this force 66 men were Illinois rangers under the command of Capt. Stephen Rector and Capt. Riggs, who occupied two of the boats. The remainder of the force with Campbell occupied the other boat. They passed as far as Rock Island, where they laid up for a night without molestation. At the rapids great numbers of the Sac and Fox Indians visited the boats with professions of friendship, yet gave hints to some of the French boatmen, who accompanied the expedition, that all was not right. Lieut. Campbell, however, disregarded these hints, and allowed his force to become scattered, when a gale blew his boat which was two miles in the rear, over towards the Illinois shore to a small island, when it was attacked by a large force of the Indians from the shore, under the command of Black Hawk.

The strong gale prevented the return of the boats which had gone ahead, and the force on Campbell's boat had been mostly killed and wounded. When Rector, throwing overboard all provisions, with a gallantry deserving of commemoration, came to the rescue of the imperilled men and rescued the survivors, and removed the dying and all to their vessel, leaving Campbell's barge to the enemy, the contents of which furnished them material for a feast as unusual as it was enjoyable.

Riggs' boat was for a time surrounded by the enemy, but toward evening the wind having become somewhat allayed, the boat, under cover of the approaching darkness, and the crew made good their escape without the loss of a single man.

After the two foregoing disasters still another expedition was projected this season for the Upper Mississippi. This latter was fitted up at Cape au Gris, and old French hamlet on the bank of the Mississippi, a few miles above the mouth of the Illinois. It consisted of 334 men (forty of whom were regulars) in command of Major Zacary Taylor, Nelson Rector and Samuel Whitesides and Captain Hempstead being each in command of a boat. Their principal instruction was to penetrate well up in the Indian country and returning to destroy the corn growing within reach on both banks of the river down to Rock Island, where they intended to establish a fort and leave a permanent garrison.

The expedition passed up as far as Rock Island unmolested, although the country swarmed with the enemy who were aided by the English, who were then in command, with a detachment of regulars and artillery. On the 23rd day of August, 1814, the boats were attacked by the combined force of the Indians and English, and turning about began to descend the rapids, fighting with great gallantry, the enemy pouring in a hot fire into their flanks from both sides of the river. A little way above the mouth of the Rock river, near some willow islands, Major Taylor anchored his fleet out in the river out of reach of the rifles, but during the night the English planted a battery of six pieces of artillery at the water's edge, and landed a considerable force of red skins on the island, to supplement the attack they expected to make. But early in the morning Major Taylor, with all his force except 20 men left in charge of the boats, with great gallantry charged on the savages and drove them with considerable loss from the upper island to the lower one. The fire of the artillery had become to be a serious matter with the boats and they dropped out of range down the stream. After an ineffectual, though partially successful attempt on the part of Capt. Rector to clear the other island of savages, the expedition, with a total loss of 11 men wounded—of whom 3 afterwards died—continued its retreat down the river. On the site of the present town of Warsaw, in Hancock county, they erected a fort, which consisted of a rough stockade, and blockhouse of unhewn logs, which they named for Governor Edwards. This fort, like Ft. Madison on the opposite bank of the river a little higher up was a few weeks after (in October) considered untenable—the troops being out of provisions—and was evacuated and burnt, and the expedition continued its retreat to Cape au Gris.

Thus ended the third and last of these ill-fated expeditions, like its predecessors, in defeat and disaster. The rangers and volunteers were discharged Oct. 18, 1814.

With the approach of winter the Indian depredations became fewer and finally ceased altogether with the peace of Ghent, which closed the war December 24, 1814.

We subjoin a muster roll of a company of mounted rangers, called into service in September, 1814, and which is remarkable as the last body of men enlisted in this State for the war of 1812.

Muster roll of Captain Daniel Boultinghouse's company of mounted volunteers, called into service of the United States by order of his Excellency, Governor Edwards, Commander-in-Chief of the Illinois militia, to repel the invasions of the hostile Indians. From Sept. 8, to Dec. 8, 1814, inclusive.

ILLINOIS IN THE WAR WITH SPAIN.

Not since 1847 and 1848 has the United States been forced to measure strength with a foreign foe. Not since the Mexican war has it been necessary to pit the courage and military ability of the United States soldier and sailor against those of a foreign power. It remained for Spain to arouse the ire and just resentment of "Uncle Sam" and bring on a conflict which, for short, sharp and incisive action, can not be paralleled in the history of nations.

The tragedy of the Maine in the friendly harbor of Havana, Cuba, electrified the peoples of the globe with horror and indignation. In the United States, amidst the cries for just vengeance could be heard the sobs of anguish and distress from the lips of bereaved parents, wives and sweethearts. The thunders of a nation's resentment filled the air, while millions demanded that full punishment should be meted out to those guilty of this wholesale murder.

On February 17, 1898, while the General Assembly of Illinois was convened in extra session, you foresaw the conflict that was to come, and sent to the House of Representatives the following message:

STATE OF ILLINOIS, EXECUTIVE DEPARTMENT,
SPRINGFIELD, February 17, 1898.

To the Honorable, the House of Representatives:

The news of the calamity which has overtaken the United States battleship Maine and its ill-fated crew fills me with grief and horror, and I assume that the General Assembly will, by joint resolution, express the sympathy of the people of this State for the gallant dead and wounded of our navy and for their surviving relatives.

I am unwilling to believe that the loss of the Maine was the result of intention, and trust that the official investigation ordered by our government may demonstrate that it was due to accidental causes. In view of the uncertainty which exists as to this point, it would seem that before the Legislature adjourns *sine die* it would authorize the Executive to tender to the President of the United States, on behalf of the State of Illinois, whatever moral and material support may be necessary in this emergency to maintain the honor of the American flag and prevent or punish any attempt at hostile invasion of our common country.

JOHN R. TANNER, *Governor*.

In response to which message the following joint resolution was adopted by both houses, viz.:

WHEREAS, The Governor has sent to the Senate a message relating to the calamity which has overtaken the United States battleship Maine and the crew thereon; therefore, be it

Resolved by the Senate, the House of Representatives concurring therein, That we, the representatives of the people of the State of Illinois, do hereby ex-

press our sincere appreciation of the services of the gallant dead of our navy, and extend to the wounded and all persons affected by this said affair our most sincere and profound sympathy. Be it further

Resolved, That we hereby commend the Governor of this commonwealth for his timely and patriotic message, and he is hereby authorized to tender to the President of the United States all moral and material support that may be necessary in this emergency to maintain the proper dignity of our republic and the honor of the American flag.

Adopted February 17, 1898.

It will thus be seen that Illinois, through her patriotic Governor, was the first of all the Union to assure the President of the United States that the moral and material support of a great State was his, that Illinois, with all her treasures in men and money, with all her wealth of patriotic blood, was ready to support him, the honor of our country and the flag of our Union. Subsequent events have proven how clear-sighted and timely this message was.

The war cloud lowering over the nation had assumed dark and threatening proportions on April 24th, and it was generally expected that the declaration of hostilities and the call for troops would come on that day. It was not, however, until between 6 and 7 o'clock p. m., April 25th, that I received notice from you to order out the National Guard for war service, in response to the following telegram from the War Department at Washington, viz.:

WASHINGTON, D. C., April 25, 1898.

To the Governor of Illinois:

The number of troops from your State under the call of the President, dated April 23, 1898, will be seven regiments infantry and one regiment cavalry. It is the wish of the President that the regiments of the National Guard or State Militia shall be used as far as their numbers will permit, for the reason that they are armed, equipped and drilled. Please wire me as early as possible what equipments, ammunition, arms, blankets, etc., you have and what additional you will require. Please also state what troops will be ready for muster into United States service. Details to follow by mail.

R. A. AIGER.

Secretary of War.

The "details to follow by mail" were as follows:

WASHINGTON, April 25, 1898.

To the Governor of Illinois:

SIR:—Under the act of Congress "to provide for temporarily increasing the military establishment of the United States in time of war, and for other purposes," approved April 22, 1898, and call for 125,000 volunteers, by direction of the President I have the honor to request you to provide from your State the quota of volunteers, as follows: Seven (7) regiments of infantry and 1 regiment of cavalry to serve in the arms of service designated, for the period of two years, unless sooner discharged. Attached will be found a statement showing the organization for artillery, cavalry and infantry.

Please cause the Adjutant General of the Army to be informed of the time your quota will be at its rendezvous, as it will be met as soon as practicable thereafter by an officer to muster it into the service and pay of the United States.

The mustering officer will be instructed to receive no man, under the rank of commissioned officer, who is in years over forty-five or under eighteen, or who is not in physical strength and vigor. As soon as mustered into the United States service, it is the intention that troops from your State shall be assembled with others for instruction and service under the directions of the

Major General commanding the army, at some point or points to be designated hereafter. It is desired, for reasons stated in telegram of this date that, as far as practicable, the National Guard be given preferences.

The rendezvous for your State will be Springfield. If, from any cause, it is found necessary to change point of concentration, your recommendation is requested.

Bands will be organized from the strength of regiments as in the regular army, viz: See paragraph 245, Army Regulations, 1895.

Very respectfully,

R. A. ALGER, *Secretary of War.*

Immediately upon the receipt of your order I assembled the clerical force of the Adjutant General's office and sent instructions by wire to the commanding officers of the organizations to be mobilized as follows:

April 25, 1898.

General Charles Fitzsimons, Ashland Avenue, Chicago:

First Brigade will mobilize for war at State Fair Grounds, near Springfield, not later than Wednesday noon. All commanders have been notified to move on receipt of routing orders from this office. You will come by the Alton.

J. N. REECE, *Adjutant General*

The regimental commanders in Chicago, and regimental and company commanders outside of Chicago were routed and instructed by similar messages, while railroad officials of roads over which the troops were to move were requested to assist the concentration by prompt and rapid movement of cars and trains. Transportation orders were mailed to the commanding officers at the same time, and at 11:45 p. m. all matter to go by mail was delivered to the railroad postal service on the Alton road with the request to send each letter by the quickest possible route to its destination. While this work was in progress I placed myself in telephone communication with wholesale grocers, bakers and butchers, urging them to increase their working forces so that subsistence stores of all kinds could be at the State Fair Grounds by noon, Wednesday, for at least 6,000 men.

Recognizing that blankets and garrison equipage—additional to what the State possessed—would be required at once, I wired, by your direction, Capp's Sons, Jacksonville; Ipavia, Ill., Mills; T. W. Chaffee, Chicago, and others as to number and price of blankets they could furnish; and Hibbard, Spencer, Bartlett & Co. as to knives, forks, spoons, cups, plates and other camp and garrison equipage. I also wired Mr. Funk, President Board of Agriculture, (who had kindly tendered to you the use of the State Fair Grounds), to be present on the arrival of the troops, if possible. I requested the presence of Mr. Funk, so that the State Board would know the exact condition of the buildings and grounds when the State troops took possession of them.

On April 25 and 26 you sent the following two telegrams to the Secretary of War:

SPRINGFIELD, ILL., April 26, 1898.

Secretary of War, Washington, D. C.:

Seven regiments of Infantry and one regiment of Cavalry completes rendezvous at Springfield, at noon, Wednesday, April twenty-seventh.

JOHN R. TANNER,
Governor.

And

APRIL 25, 1898.

Secretary of War, Washington, D. C.:

Estimated equipments required for Illinois quota, four thousand blankets, four thousand complete uniforms, two thousand woven (web) belts, and all camp and garrison equipage, also arms and equipments for the cavalry.

JOHN R. TANNER,
Governor.

In order that the troops mobilized in twenty-four hours might have the necessary bedding required by the raw and inclement weather, and to be absolutely sure of the desires of the National Government relative to the equipping of the volunteers, the following telegram was sent April 26, on the same subject:

SPRINGFIELD, ILL., April 26, 1898.

Secretary of War, Washington, D. C.:

Can you send us blankets at once, about two or three thousand, or will Illinois buy them on account of the National Government? Please answer quick.

JOHN R. TANNER,
Governor.

In reply to this inquiry the following reply was received:

WASHINGTON, D. C., April 26, 1898.

John R. Tanner, Governor of Illinois, Springfield, Ill.:

I am instructed by the Secretary of War to state in reply to your telegram of this date that no blankets or other property can legally be furnished until the troops are mustered into the United States service when they will be supplied as early as practicable.

[Signed]

LUDINGTON,
Quartermaster General.

Upon receipt of this decision by the War Department, and following your instructions, I redoubled my efforts to secure blankets in open market for our troops, and, although the limited number of blankets in the market having nearly all been purchased by agents of the Government, I was successful in procuring some thousands of pairs which were issued to the regiments needing them.

On April 27, or within 36 hours after the receipt by you of the order to mobilize the Illinois National Guard, you sent the following message:

SPRINGFIELD, ILL., April 27, 1898.

Secretary of War, Washington, D. C.:

Seven regiments of infantry and one of cavalry are mobilized at Springfield. Approximate strength, eight thousand. Await further orders.

JOHN R. TANNER,
Governor.

On the same date (April 27) the following was received:

WASHINGTON, D. C., April 27, 1898.

The Governor of Illinois, Springfield, Ill.:

The following decision of the Secretary of War of this date is communicated for your information: "All absolutely necessary expenses for the subsistence, transportation, sheltering and generally the maintenance of volunteers during the interval between their enrollment (enlistment) and their muster (or being sworn) into the service of the United States, also all incidental expenses connected therewith, such as the hire of offices, clerks, messengers, etc., for mustering officers will be met by the Government of the United States from the proper appropriation at the disposition of the several staff departments of the army. Certified vouchers for all expenditures herein authorized will be forwarded to the War Department for audit and payment. The vouchers should be certified by officers of the proper staff departments and approved by the mustering officers.

[Signed]

H. C. CORBIN,
Adjutant General.

In view of the fact that Illinois had no representation in the artillery branch of the service, and the eager desire of our batteries to go to the front, your energetic action, to include the artillery in the first call, was rewarded with success as shown by this message:

WASHINGTON, D. C., April 29, 1898.

Governor Tanner, Springfield, Ill.:

Secretary of War authorizes, in addition to your quota of seven regiments of infantry and one regiment of cavalry, that you may furnish one six gun battery of light artillery, organized as per instructions mailed on the 25th.

[Signed]

H. C. CORBIN,
Adjutant General.

In conformity with this authority Battery A, (Danville) Captain Philip Yeager, commanding, and equipped with modern breech-loading 3-2 inch guns, was ordered to report at Camp Tanner, April 30, for the purpose of being mustered into the United States volunteer service.

On April 27th, Adjutant General Corbin forwarded the request of the Secretary of War for you to designate two civilian physicians, to constitute (with one army surgeon to be detailed) a medical board, for the examination of medical officers to be commissioned surgeons and assistant surgeons in the Illinois Volunteers. On this board you appointed Dr. Nichols Senn of Chicago and Dr. Charles C. Carter from Rock Island.

Originally, Captain Eben Swift, 5th U. S. Cavalry, was detailed as mustering officer for the Illinois volunteers, but he was speedily succeeded by Captain Cyrus S. Roberts, 17th U. S. Infantry, while 1st Lieutenant Charles C. Ballou, 12th U. S. Infantry, was the quartermaster, and 2d Lieutenant George W. Cole, 7th U. S. Cavalry, the commissary officer at Camp Tanner.

The camp itself was placed under the command of Brigadier General James H. Barkley, Illinois National Guard, with Lieutenant Colonel J. Mack Tanner as post adjutant. The report of the post commander is attached hereto and marked "E." Your own headquarters were moved from the State House to the Dome Building at Camp Tanner, in order that the needs and wants of the troops might be speedily known and rapidly met.

Brigadier General Charles Fitzsimons and staff and Brigadier General Andrew Welch and staff were also on duty at Camp Tanner, giving aid and advice to their respective regiments, troops and battery during the mobilization.

On May 1 you made an effort to have Battery B, (Galesburg), equipped with Gatling guns, included in the first call from this State, but the War Department declined to increase the quota from Illinois, and for this reason this battery, with detachments from the signal troops and engineer company were compelled to remain at home in the State military service. I desire here to bear testimony that the officers and men of the organizations named persistently pursued every honorable method within their power to be included in the volunteers from this State, and that it was only as the result of the peremptory refusal on the part of the National Government to accept additional troops, that they did not go to the front with their more fortunate comrades.

On May 3, in order to obtain a clear understanding of the desires of the Government, you sent the following message:

SPRINGFIELD, May 3, 1898.

Secretary of War, Washington, D. C.:

Am I expected to turn over uniforms, arms and equipments, now in possession of Illinois organizations, to the general government. If yes, will prepare invoices. Please wire detailed instructions.

JOHN R. TANNER,
Governor.

This inquiry was answered by Adjutant General Corbin by this message:

WASHINGTON, D. C., May 4, 1898.

Governor Tanner, Springfield, Illinois:

In reply to your telegram to the Secretary of War you are expected to turn over to the general government uniforms in possession of the Illinois organizations, and the arms and equipments will have to be for the time being (also), and requisitions should follow to replace these in order that you may maintain the arms of the National Guard in your State should you so desire.

H. C. CORBIN,
Adjutant General.

Following this came a call for tents:

WASHINGTON, D. C., May 5, 1898.

The Governor of Illinois, Springfield, Ill.:

Kindly inform me number and kind of tents you can loan or sell to quartermaster department with view to their immediate use by the volunteers now being mustered in. The question of return or compensation for this property will be made by this office on terms of equity. Give us all possible.

R. A. ALGER,
Secretary of War.

In compliance with these two messages and your orders I at once took the necessary steps to turn over with each regiment all classes of the stores and equipage mentioned, to the United States in order that the volunteers from Illinois might take the field as fully and thoroughly equipped as it was possible for the State to supply them.

In obedience to your instructions I entered the market for campaign hats, leggins, shoes and ponchos, and as rapidly as these articles could be obtained they were issued to the troops.

It must be remembered that the United States and every State in the Union, were buying clothing and equipments for their troops; that the amount of these articles that were on hand had been purchased at the first intimation of war, and that now it was conceded to be almost an accommodation on the part of the manufacturer to listen to proposals of any kind. By sending agents to Chicago and St. Louis, this department picked up enough hats, leggins, shoes, ponchos and blankets, to not only relieve the most pressing needs of the troops, but to fit them out fairly well for practical field service.

On May 7th you received the following telegram:

WASHINGTON, D. C., May 7, 1898.

The Governor of Illinois, Springfield, Ill.:

It is the intention to order to Camp George H. Thomas, Chickamauga National Park, Georgia, the first two regiments of Infantry of your State.

which shall first be completely equipped. Every effort should be exerted to complete as fast as possible each regiment in turn, rather than all simultaneously. Report by telegraph when first regiment will be ready. It is the intention also to order one regiment of Cavalry and one light battery to Camp Thomas.

R. A. ALGER,
Secretary of War.

And on May 9th the following telegram demonstrated that even the National Government could not purchase or manufacture equipments as rapidly as the exigency of the times demanded them:

WASHINGTON, D. C., May 9, 1898.

The Governor of Illinois, Springfield, Ill.:

Referring to my telegram of May 7th, we wish everything you can furnish, as the Government is going to have hard work to equip its troops in time for service. Please have inventory of State property furnished with view to its return or accounting for. The organizations to be equipped for Chickamauga should have everything required for field service, arms, ammunition, accoutrements, camp equipage, tentage, etc.

R. A. ALGER,
Secretary of War.

Upon receipt of this advice, and by your orders, I redoubled my efforts to secure such additional clothing and equipage as were not habitually issued to our National Guard, and were required for the volunteers. Your expressed desire to assist the National Government with all your power and resources to bring the Illinois volunteers under National control at the earliest practical day, served as an incentive to labor night and day to all connected with this department to carry your wishes into effect.

On May 9th, the following telegram, changing the intended destination of the first Illinois regiments from Chickamauga to New Orleans, La., was received:

The Governor of Illinois, Springfield, Ill.:

Referring to my telegram of May 7th, you are informed that, owing to changed conditions, the destination of troops of your State mentioned therein, has been changed from Camp George H. Thomas, Georgia, to New Orleans, La., and will be sent there, provided your troops are uniformed, armed and equipped, ready for service.

R. A. ALGER,
Secretary of War.

And on May 10, you wired your reply, as follows:

SPRINGFIELD, May 10, 1898.

Hon. Russell A. Alger, Secretary of War, Washington, D. C.:

Replying to your message of the 9th inst., will say that I have two regiments of infantry, the Third, and Fifth uniformed, armed, and ready for service by noon Thursday, the twelfth. I have advised your Quartermaster, Lieutenant Ballou, to arrange for transportation to New Orleans, and your Commissary, Lieutenant Davis, to provide travel rations. Is this correct?

JONH R. TANNER,
Governor

And on the same date you informed the Secretary of War that Battery A was ready for service:

SPRINGFIELD, ILL., May 10, 1898.

Hon. Russell A. Alger, Secretary of War, Washington, D. C.:

The battery of artillery is recruited to its maximum and ready to be sworn into the service. The equipment consists of four pieces, three two-tenth inch

breach loaders, everything complete except horses. The cavalry regiment has no horses. Shall I interpret your former telegrams of May 7th and 9th to authorize or direct me to equip battery and cavalry with horses and accoutrements complete? If so will my vouchers be accepted by the government?

JONH R. TANNER,
Governor

On May 10th the Secretary of War wired you again:

WASHINGTON, D. C., May 10, 1898.

The Governor of Illinois, Springfield, Ill.:

It is now desirable that two regiments of Infantry of your State as soon as mustered, filled and equipped, be sent to Mobile. Please inform me when it will be possible for your troops to move. If not fully equipped, but sufficiently so to travel it may be considered best to have them go and complete equipment, etc., at Mobile. A detailed statement of the situation as to your troops is requested as soon as it is possible for you to give it.

R. A. ALGER,
Secretary of War.

To which you replied as follows:

SPRINGFIELD, May 11, 1898.

Hon. Russell A. Alger, Secretary of War, Washington, D. C.:

I advised you by wire yesterday that the Third and Fifth Illinois Volunteer Regiments of Infantry would be equipped for service and ready to move by tomorrow, (Thursday) noon, and that I had suggested to your Quartermaster, Lieutenant Ballou, and your Commissary, Lieutenant Davis, to advise with you in relation to transportation and travel rations. I have no reply to the message. You can safely arrange transportation accordingly.

JONH R. TANNER,
Governor.

On the same date you acknowledged receipt of the telegram from the Secretary of War of May 10, informing you that the War Department would require two regiments to go to Mobile, and asked to be informed if "the two regiments referred to are in addition to the two regiments destined for New Orleans as previously ordered," and added "If yes, the troops for Mobile can be ready to move next Saturday, not fully equipped, but sufficiently so to travel. The Battery of Artillery is sworn into service: The equipment consists of four pieces, two three two-tenth inch breech loaders, everything complete except horses. The Third and Fifth, destined for New Orleans, will be ready to move tomorrow, Thursday, noon. The Second, Seventh and Fourth have not yet been examined by the medical officers, and I will be unable to fully equip more than one of the three for service, for the reason that we can not find the supplies in the market just now, but hope to equip them within a week or ten days," and on the same date (May 11) the Secretary of War informed you that the Cavalry regiment would be supplied with horses by the Quartermaster Department.

On May 11th you also sent the following message relative to the numerical designation of the volunteer regiments from the State, viz:

Honorable Russell A. Alger, "Secretary of War," Washington, D. C.,

It is the desire of the Illinois National Guard and its friends throughout the State to begin numbering the regiments for the present war with number one instead of beginning where we left off in the war of the rebellion. I concur with this sentiment and shall so number Illinois regiments unless objectionable to your department. Please answer.

JONH R. TANNER,
Governor.

To which the following reply was received:

WASHINGTON, D. C., May 15, 1898.

Governor John R. Tanner, Springfield, Ill.:

Secretary of War has no objections to your numbering Illinois regiments as suggested in your telegram of yesterday. Please inform mustering officer."

[Signed]

SCHWAN,
Asst. Adjt. General.

In order that no more time might be lost in equipping the organizations at Camp Tanner, and to facilitate their movement to the front you sent the following dispatch to Washington on May 12:

SPRINGFIELD, ILL., May 12, 1898.

Secretary of War, Washington, D. C.:

If Illinois is to fully equip volunteers following articles must be shipped immediately from United States Arsenal: Fifteen hundred bayonet scabbards, twelve hundred field belts and plates, one thousand blanket bags and straps, twelve hundred haversacks and straps, twelve hundred canteens and straps and one thousand meat cans. Answer if you can ship.

JONH R. TANNER,
Governor.

On May 12th Colonel Culver, 5th Infantry reported his regiment ready to take the cars for the front in the following communication, viz:

CAMP TANNER, ILL., May 12, 1898.

Brigadier General Jasper N. Reece, Adjutant General:

SIR:—I have the honor to report the 5th Infantry ready to move: their equipments and uniforms complete in every detail, as ordered by the Commander-in-Chief, the necessary receipts or vouchers for which by this time are in your possession; the regiment at its full maximum strength, completely armed and equipped for United States service. It is respectfully suggested that in anticipation of moving today at twelve o'clock, our camp is practically broken, our camp equipage practically packed, and it is necessary that the question of transportation be settled in some definite form on the lines that we may either move promptly or make arrangements for remaining longer at Camp Tanner.

Very respectfully.

[Signed]

J. S. CULVER,
Colonel Com'dg 5th Infantry.

This report was promptly transmitted, by wire to the Secretary of War.

The following was received from Washington same date:

WASHINGTON, D. C., May 12, 1898.

The Governor of Illinois, Springfield, Ill.:

Secretary of War bids me inform you the United States mustering officers have been instructed to report all regiments mustered into the United States service, full name of Colonel commanding, to what extent lacking in arms, ammunition, uniforms, clothing, equipment and tentage, and that from the moment of muster into United States service organizations will cease to be under orders of State authorities, and that orders for their disposition,

transportation and supplies will be controlled by the war department alone. The Colonels and commanding officers of separate organizations will be instructed by the mustering officer to report by telegraph to the Adjutant General of the army immediately after muster in. Please acknowledge receipt.

H. C. CORBIN,
Adjutant General.

In acknowledgment of the receipt of this message, you wired as follows:

SPRINGFIELD, ILL., May 13, 1898.

Hon. H. C. Corbin, Adjutant General, Washington, D. C.:

Your message of the 12th inst is received. Shall I construe language following sentence strictly? "From *moment* of muster into the United States service, etc., and that orders for their disposition, transportation and *supplies* will be controlled by the war department alone." If so, it seems that I am stopped from completing, equipment of Sixth, First and Second Regiments now mustered into the United States service, and am expected to turn them over as they are to the Government. I am anxious to work in harmony with, to obey all orders and to assist your department in every possible way in the speed equipment of Illinois troops. This message applies only to the two words, "moment" and "supplies" contained in your telegram of this date.

We found the government in the market for supplies everywhere. We have telegraphed all supply houses in the country for needed supplies. We have already purchased everything in the market, and have taken options, so far as we could get them, to be furnished within ten days, but on the strength of your telegram I have this morning cancelled all options and contracts that were voidable.

JOHN R. TANNER,
Governor.

A copy of this and the preceding message was also sent, by your direction, to Senator Cullom, to which you added the following explanatory remarks: "The Fifth and Third Regiments are equipped for war and are awaiting orders to move since Thursday noon. The Sixth, First and Second Regiments have been mustered into the service but are not fully equipped. We found the Government in the market in advance in the supply houses of the country. By my direction General Reece telegraphed every supply house in the country from Boston to Omaha, and purchased everything on hand in lots from a dozen hats to two hundred leggings and three hundred blouses, and upwards, that could be found. We took options so far as we could get them, to be delivered in ten days, perhaps sufficient to supply the seven regiments."

"Upon receipt of the above message I wired Adjutant General Corbin that a fair construction of the language of his message would stop me from further supplying the regiments mustered in, and that I had cancelled all options and voidable contracts; that I was anxious to assist the Government in every way possible in the early equipment of Illinois troops, and ready to work in harmony with and obey all orders, etc. I am more anxious than I can express to get Illinois troops to the front early, that our State may participate in the battles and glory of driving Spain from Cuba and Porto Rico, but it seems to me that our State is not receiving that prompt consideration from the war department that it deserves. I wish you would go at once to General Alger and have a talk with him. Say to him that I am anxious to work in harmony with and to assist him every way possible."

On May 13 the following message was received:

WASHINGTON, D. C., May 13, 1898.

Hon. John R. Tanner, Camp Tanner, Springfield, Ill.:

Your telegram of 1:20 p. m. is just received. It is not the desire of the department that you shall discontinue the furnishing, and the equipment, and the provisioning of the volunteers from your State. The telegram of last night was intended to draw the lines where the State authority was surrendered to the United States.

The desire is, of course, that the most friendly and cordial relations shall be maintained and that we aid each other in every possible way, and it is hoped that you will accept the order of last night in the spirit in which it was intended. Chickamauga has been designated as the point where the troops service in the very near future. You can expect orders for the troops from your State at a very early hour—possibly today.

H. C. CORBIN,
Adjutant General.

And immediately after this the following, from the Secretary of War:

WASHINGTON, D. C., May 13, 1898.

Governor John R. Tanner, Springfield, Ill.:

Two regiments of infantry of your State, having been mustered into the service, will be ordered today to proceed to Chickamauga, Georgia. It is desired that the State authorities furnish all supplies possible in way of clothing, camp and garrison equipment, and all appurtenances for a soldier in the field, including tents, which are needed. On arrival at Chickamauga these troops, with those of other States, will be thoroughly equipped and moved to the front. This was found to be better than the attempt [to] thoroughly equip the regiments at the State rendezvous. Ordnance, Quartermaster and Subsistence Departments are concentrating at Chattanooga, Tenn. Supplies to meet situation.

R. A. ALGER,
Secretary of War.

And then this message:

WASHINGTON, D. C., May 13, 1898.

Governor John R. Tanner, Springfield, Ill.:

Senator Cullom has just brought your telegram of today to me. The instructions about the government assuming charge of all troops as soon as mustered were sent alike to all Governors. We want to get Illinois to the front just [as] rapidly as possible, and are transporting equipments as nearly alike as possible to all states and are doing our utmost to get them to the front. We may send many troops to Chattanooga to finish up their equipment as we are sending large supplies there, which we could not so promptly send to the States. I assure you we are doing everything we can for your State. I hope the two regiments ordered today are en rout to Chickamauga, and that others will follow soon, for which orders will be given.

R. A. ALGER,
Secretary of War.

Immediately after the receipt of the preceding messages, the first order to move an Illinois regiment was received:

WASHINGTON, D. C., May 13, 1898.

Governor of Illinois, Springfield, Ill.:

Orders have been issued in telegraph, Colonel J. S. Culver, commanding Fifth Illinois Volunteers, to proceed at once with his regiment to Camp George H. Thomas, Chickamauga National Park, Georgia.

H. C. CORBIN,
Adjutant General.

The regimental commanders received their orders to move direct from the War Department, and departed from Camp Tanner in compliance with such orders, when received.

On May 16th, the following inquiry was sent from Washington:

What regiments of your State are mustered and ready to move?

H. C. CORBIN,
Adjutant General.

To which I was directed to send this reply:

CAMP TANNER, ILL., May 16, 1898.

Adjutant General U. S. A., Washington, D. C.:

First Infantry leaves for Chickamauga tomorrow morning. Sixth and Second mustered and waiting orders to move.

Battery A is mustered, but no horses. All partially equipped.

J. N. REECE,
Adjutant General.

In view of the fact that the mobilization of the troops under the first call of the President of the United States was nearly completed, this department, under your orders, and without delay took up the question of effecting a settlement of incurred bills and expenditures made by the State on account of the volunteer troops of the United States in aiding the National Government in the war with Spain—with this end in view you wired the Secretary of War, as follows:

SPRINGFIELD, May 21, 1898.

Secretary of War, Washington, D. C.:

In the mobilization of Illinois volunteers for war, I directed contracts for their subsistence to be made on the lowest figures obtainable. The muster in of two battalions of cavalry today, places at your orders the last of the quota called from Illinois. To facilitate the adjustment of accounts I would respectfully suggest that the number of rations issued to soldiers and recruits, as shown by the consolidated ration returns, and as corroborated by the consolidated morning reports of Camp Tanner, be accepted as a basis, and that the cost of the ration issued be figured at the rate of twenty-seven and one-half cents a ration. The actual cost of the issues made to the men will exceed this figure by several thousand dollars, which excess will be paid by the State.

JOHN R. TANNER,
Governor

No reply having been received to this proposition on the 23d, you repeated the message on the 24th and added:

"To this dispatch no answer has yet been received. May I request your early consideration of the matter so that my Adjutant General may prepare the vouchers for certification by the acting subsistence officer on duty, as required under your former instruction."

To which second message the Secretary of War sent the following reply:

WASHINGTON, D. C., May 24, 1898.

Hon. John R. Tanner, Springfield, Ill.:

War Department accepts your proposition that number of rations issued to soldiers and recruits, as shown by consolidated ration returns and corroborated by consolidated morning reports of State rendezvous (Camp Tanner) as a basis of settlement between the State and the United States, and that the cost of ration be figured at the rate of twenty-seven and one-half cents per ration. This to be in full settlement of all claims against the government by the State of Illinois for subsisting quota of troops furnished by that State.

R. A. ALGER,
Secretary of War.

With the basis as outlined in the preceding message, I proceeded to make out the various claims for transportation, subsistence, quartermasters' supplies, clothing, equipage, forage, fuel, straw, medical stores, etc., in the prescribed form, secured on each claim the indorsement of the mustering officer and forwarded same to the War Department for audit and settlement on June 13 and 24, 1898.

The question having arisen among the volunteer officers in southern camps as to the date from which these officers should properly rank, the matter was submitted to the War Department for its decision and the following message received in reply, should set at rest any controversies on the subject:

Governor John R. Tanner, Springfield, Ill.:

WASHINGTON, May 25, 1898.

Secretary of War directs me to say in reply to your telegram this date that he has decided that volunteer officers of same grade rank according to date of muster into United States service. Where commissions of such officers bear same date relative rank is determined by previous length of United States military service under commission, and in absence of such service by lot. Secretary considers it very desirable that commissions bear same date as muster into service.

H. C. CORBIN.

Adjutant General.

In view of the fact that the commissions given Illinois volunteer officers were dated from dates of muster into the United States volunteer service, and as a matter of equity and justice to all officers involved, the dating of rank of all commissions given all volunteer officers by governors should be made mandatory in conformity with the foregoing decision.

Referring to the opposition on the part of the War Department to accept the regiments from this State as organized under our military code, I quote herewith an extract from section 3, H. R. 9878, House of Representatives, National Congress, "Section 3. That upon a declaration of war by Congress, or a declaration of Congress that war exists the enlisted strength of a company, troop and battery, respectively, may, in the discretion of the President, be increased to comprise not exceeding, for each company of infantry:

One first sergeant, one quartermaster-sergeant, four sergeants, twelve corporals, two musicians, one artificer, one wagoner, and eighty-four privates; total enlisted, one hundred and six: *Provided, that in the event of a call by the President for either volunteers or the militia of the country the President is authorized to accept the quotas of troops of the various States and Territories, including the District of Columbia, as organized under the laws of the States and Territories, including the District of Columbia.*"

The regiments in the Illinois National Guard, as organized under the laws of this State, are comprised of one colonel, one lieutenant-colonel, three majors (one for each battalion), one adjutant, one quartermaster, one inspector of rifle practice, and one Chaplain, each with the rank of *captain*, three battalion adjutants each with the rank of 1st lieutenant, and twelve companies, assigned into three battalions.

The medical officers are assigned with regiments for duty, and hold rank as majors, captains or 1st lieutenants. While your efforts retained for our regiment the majors, battalion adjutants and the battalion non-commissioned staff, the mustering officers did not accept or muster in the inspectors of rifle practice.

Under the first call of the President of the United States for volunteer troops from the various states, the regiments from Illinois were mustered into the United States service in the following order:

- (1) The 5th Infantry, Ill. N. G., May 7, 1898.
- (2) The 3d Infantry, Ill. N. G., May 7, 1898 (10:30 p. m.)
- (3) The 6th Infantry, Ill. N. G., May 11, 1898.
- (4) Battery A, Ill. N. G., May 12, 1898.
- (5) The 1st Infantry, Ill. N. G., May 13, 1898.
- (6) The 2d Infantry, Ill. N. G., May 16, 1898.
- (7) The 7th Infantry, Ill. N. G., May 18, 1898.
- (8) The 4th Infantry, Ill. N. G., May 20, 1898.
- (9) The 1st Cavalry, May 21, 1898.

And the commissions of the officers were made to correspond with these dates, except in the case of the 3d Infantry, where the commissions of field and staff were dated May 8th, for the reason that these officers were mustered after the business day of the 7th, and near the first hours of the 8th, and to prevent any future disputes as to the seniority of the commanding officers, or the priority of the muster in.

In summing up the work of mobilizing the Illinois troops for the volunteer service of the National Government under the first call of the President, I desire to emphasize that the soldiers tendered by the State were above the average in intelligence, activity and ability; that a rigid physical examination before muster proved them sound, healthy, and fully fit for field service; that their patriotic zeal to get to the front and in close contact with the enemy was unbounded; that no effort was left untried on your part to get the organizations to the field of active service; that the regiments had more equipage than was carried by the veterans of the Civil War in 1864 and 1865, when the hard-bought experiences of three years service in the field and on the march had demonstrated to them what should and what should not be carried by them to insure comfort and efficiency; that the commissioned officers had, through their experience in the National Guard service, acquired the necessary knowledge to ably and rightly govern and direct their men; that the medical department, offered by surgeons selected by Surgeon-General Senn, (conceded to be one of the ablest medical directors and surgeons in the world), was inferior to no similar department in the volunteer service; that the only call for vegetables, etc., made by our troops at Chickamauga was promptly heeded and responded to and, in short, that the personal, arms and equipments, and the general efficiency of the Illinois troops, as tendered

to the United States, was highly creditable to the State and its executive. I am constrained to make the above remarks owing to the most absurd falsehoods published in some of the sensational papers in the State in which the hatred and venom of the "copperhead" of 1864-5 predominate. Men and papers who failed in patriotism in this hour of trial, who, without the necessary "sand" to go to the front themselves, were cowardly enough to attack every National and State policy, endeavoring to create discord between officers and men, deriding the efforts and acts of every commander, inciting soldiers and civilians alike to opposition against the heroic leaders at the National and State Capitols in their splendid efforts to avenge the killing of our sailors on the *Main*, thereby discrediting our glorious flag, and all on account of spite, hatred and jealousy, because golden, sun-crowned success was being achieved without their advice or assistance.

The roster of all officer and enlisted men, who entered the U. S. Volunteer service, as shown by the original muster-in-roll, is attached hereto and marked "F."

As an evidence of the truth of the foregoing statement, and to show how little credence the soldier at the front placed in the sensational articles published by portions of the press, I here insert a telegram of confidence and thanks sent you by the officers of the 5th Illinois Volunteer Infantry, on the publication of the most scurrilous lies regarding their action after the third disappointment in their effort to go to the front, which lies you had promptly denied, and publicly proclaimed your faith and confidence in the honor and integrity of your troops:

CHICKAMAUGA PARK, GA., July 30, 1898.

Hon. John R. Tanner, Governor of Illinois, Springfield, Ill.:

We thank you in behalf of the 1,300 men we command for your prompt expression of confidence in the 5th and denial of sensational lies of an irresponsible reporter. This regiment is the same loyal, obedient and disciplined regiment it has ever been. No orders have been disobeyed, every duty has been performed promptly and cheerfully. Colonel Culver has our loyal obedience, confidence and respect. Men and officers are disheartened and discouraged at treatment they can not understand and the responsibility for which they can not place; but they are soldiers and aside from the charge of taking about twenty dollars' worth from hucksters by stragglers on the march, there is not even a shadow of foundation for the sensational lies sent to the press from here. We want you to use every effort to put us back in our just place in the Porto Rican expedition.

Frank P. Wells, Lieutenant Colonel 5th Ill. Inf.; J. C. Cabanis, Major 5th Ill. Inf.; Fred B. Nichols, Major 5th Ill. Inf.; E. H. D. Couch, Captain Commanding 3d battalion; M. R. Early in June, the government having decided to fill every organization to its maximum, officers were detailed from all Illinois regiments to visit their home stations and there recruit each company to the desired number from the neighborhood where the company was originally organized.

As soon as this decision was learned, you wired Secretary Alger as follows:

May 28, 1898.

There will be no trouble or delay in furnishing two thousand six hundred men to fill to the maximum the organizations already in service from Illinois, but I suggest the quickest and most satisfactory way to do this will be to authorize the colonel of each regiment to detail a lieutenant colonel or major to proceed to Illinois for this purpose, who could fill each company from its town or locality. Please instruct me on this.

JOHN R. TANNER,

This suggestion was virtually adopted by the War Department and as a result of these recruiting details, Illinois sent, approximately, two thousand, six hundred additional volunteers to the front.

On July 30, you received the following "plea for justice."

CHICKAMAUGA PARK, GA.

Governor John R. Tanner:

Press the War Department to restore the Fifth in its place in the Porto Rican expedition and deny the sensational press lies of insubordination. The officers and enlisted men look to and trust you to do what we can not do ourselves.

J. S. CULVER,

5th Infantry.

To your request that, in justice to the regiment, it be restored to its place in the brigade going to Porto Rico, you received the following telegram:

WASHINGTON, D. C., July 30, 1898.

Governor John R. Tanner, Springfield, Ill.;

Replying to your telegram asking that the Fifth Illinois Volunteer Infantry be sent to Porto Rico you are informed that it was no fault of the regiment, or anyone connected with it, that it was not sent. The facts are that the First, Third and Sixth regiments of Illinois volunteers were ordered to active service when it was noted by the Department that other states had none, notably your neighbor, Indiana. In view of this fact the commanding general at Chickamauga was ordered to substitute an Indiana for an Illinois regiment, and in the exercise of this discretion he selected the Fifth. This may be and doubtless is a hardship for the regiment. It had to be done, however, to give scant justice to the State of Indiana, and you will say it is but fair.

H. C. CORBIN,

Adjutant General.

THE SECOND CALL.

The quota of troops to be furnished by Illinois under the second call of the President of the United States was two regiments of infantry. In response to this call you directed Major John R. Marshall to bring

the 9th Battalion Illinois National Guard, with eight additional companies of colored infantry to Camp Tanner for the purpose of being mustered into the volunteer service of the 8th Illinois Infantry.

For the 9th Illinois Volunteer Infantry you selected the provisional regiment organized by Colonel James R. Campbell, who had been the first to file a complete regimental roster at your office, you having previously given notice that you would accept regiments for volunteer service in the order in which complete rosters were filed with you.

Major Marshall and Colonel Campbell were directed to report at the State rendezvous (Camp Tanner) Wednesday, June 29, 1898. The rendezvous was placed under the command of Brigadier-General J. N. Reece, with Colonel J. Mack Tanner as Post Adjutant.

The routing, transporting, equipping, subsisting, etc., of these two, regiments was done by the United States officers on duty at Camp Tanner, and, while the State transported the troops to the rendezvous on State transportation orders, the amount represented by them will form a claim against the United States for adjustment at a later date.

The 9th Illinois Infantry was mustered into the United States service from July 4th-11th, 1898, and the 8th Infantry on July 22, 1898, both regiments having their maximum membership.

The 8th Infantry organization is composed of men of the Afro-American race throughout, from the Colonel to the last named on the roster of Company M.

Numerous applications had been made for the positions of the various offices by able, white, military men, but, believing that this race should have the opportunity to show the country at large whether or no its members possessed the ability to govern themselves, and in a spirit of "fair play" you determined, and carried into effect your idea, that Negroes could, and in this case should, be commanded by Negroes.

Up to this date nothing has transpired to indicate that you have made a mistake in thus organizing the 8th Infantry.

Early in August the commanding officer of the colored regiment tendered his command to the authorities at Washington for immediate service in Cuba.

The troops who had so gallantly stormed El Caney and San Juan Hill, had fallen prey to the yellow and typhoid fever, and these dreaded diseases (more than Spanish valor or bullets) were making wide gaps in their ranks. Steps were already under way to return all the troops in Cuba to the United States for the purpose of destroying the germs of these diseases, so that this offer, in the face of this grave danger, was gladly accepted by the Secretary of War, as is evidenced by the following telegrams:

WASHINGTON, D. C., August 5, 1898.

Governor Tanner, Springfield, Ill.:

The Secretary of War directs that the 8th Regiment of Illinois Volunteer Infantry leave in time to take Steamer Yale in New York on Tuesday next. The Quartermaster General will give the Quartermaster in Chicago instructions as to railroad transportation.

H. C. CORBIN,
Adjutant General.

And,

WASHINGTON, D. C., August 9, 1898.

Governor Tanner, Springfield, Ill.:

The Secretary of War appreciates very much the offer of the 8th Illinois Volunteer Infantry for duty in Santiago, and has directed that the regiment be sent there on Steamer Yale, leaving New York next Tuesday. The main trouble with our troops now in Cuba is that they are suffering from exhaustion and exposure incident to one of the most trying campaigns to which soldiers have ever been subjected.

H. C. CORBIN.
Adjutant General.

The 9th Illinois Volunteer Infantry left Camp Tanner for Jacksonville, Fla., August 5, 1898. Both regiments are still in the United States service, and a roster of the officers and enlisted men, as shown by the original muster-in-rolls, is appended hereto.

THE NAVAL MILITA OF ILLINOIS IN THE WAR WITH SPAIN.

The records of this branch of the service, embracing enlistments in the regular navy, assignments to vessels, duties performed, where stationed, actions participated in, etc., although repeatedly called for, have not yet been received. The captain commanding is making every effort to secure the muster rolls and have them forwarded in time to be embraced in this report.

I regret that the history of our Naval Militia is not here, as is generally reported that its many duties, even when under the enemy's fire, were performed in so conspicuous and creditable a manner as to win praise and commendation from all officers and seamen of the regular navy with whom they served.

This department has unofficial information that a large number of Illinois citizens enlisted in regiments of other states, and every effort will be made to obtain accurate lists of such enlistments.

Bert Wilson, an Illinois man, member of Company C, 3d Mississippi Infantry, writes under date of September 26, 1898, from Camp Hamilton, Kentucky, that there are 452 Illinois men enrolled in that regiment. Steps have been taken to obtain a verification of this report, and a list of the Illinois men in that and other outside organizations.

WAR RECORDS.

Bound record books of the rosters of Illinois regiments and troops are now being written up, as the permanent records of this war, for preservation in the State archives. These books will contain every possible obtainable data and fact connected with the service of the troops of this State in the war with Spain, and should serve as proof of the valor and patriotism of our people whenever danger threatens our flag and republic, and should be a lasting monument for the names therein recorded to the generations yet to come.

I regret the necessity of recording that some of the regimental commanders failed to render the monthly reports called for from them by this department, and that this failure on their part tends to delay the completion of these records. Several letters urging them to forward the reports called for have had no effect in hastening their action in the matter
